## ST. ANN'S MATERNITY HOSPITAL

This Hospital is situated on the southeast corner of 69th Street and Lexington Avenue, and is under the direction of the Sisters of Charity.

It is intended for two classes of persons: married women who may there receive all the care, attention and professional services not otherwise at their command—those who are strangers in the city—and for whose peculiar condition hotel conveniences are insufficient; also for those in whose cases there is a desire and hope of preserving individual character or the reputation of a family—the secrets of these, when given, being considered a SACRED TRUST by the Sisters.

Patients in private rooms secure entire seclusion if desired, and luxuries of a well appointed home. All the Inmates of the Hospital share alike the untiring attendance of faithful, experienced nurses.

The Medical Department is in charge of a resident Physician, with a full corps of trained nurses. There is a regular Visiting Staff and also two consulting Obstetricians. The records of the Hospital show no cases of puerperal fever during the past four years.

# "DOCTOR, WHAT SHALL I EAT?"

**An Eminent Physician of Forty Years' Practice and Who Holds a Chair in a Leading Medical School, Writes as follows:**

"Prescribing remedies for the sick should not be the whole end and aim of a doctor, nor does the profession as a whole recognize it as constituting all of his duties, for what is now known of the science of hygiene and the causes and prevention of disease are all the works of medical men, and no profession has done more to elevate the race than that of medicine, by learning and teaching what is best for man's physical welfare, and yet there comes in right here one of those strange inconsistencies similar to what we meet with amongst all classes of men, for the very root of physical growth is in a large measure overlooked and neglected.

"The physiology and chemistry of digestion and assimilation has become so well known during the last half, and more particularly the last quarter of a century, that it would seem as if the question of what ought to be eaten to best sustain life and prevent disease, should be as an open book to every medical practitioner; but the fact is, if there is one subject relating to his profession on which the average doctor is poorly informed, it is that of diet.

"In conversation with a professor of one of our Western Medical Colleges not long ago, on the subject of diet, the doctor made the following admission: 'One of the first questions my patients ask me is, Doctor, what shall I eat? and I confess that I do not know anything about it, but I must say something, and I generally say, Eat whatever agrees with you. The truth is,' said he, 'dietetics is not often taught in the medical colleges, and when it is, the instruction is so superficial as to be practically worthless.'

"Diet reformers have always met with the bitterest opposition from the medical profession, and this is not to be wondered at, because these advocates have often made serious mistakes; but with our present advanced knowledge, there would seem to be no excuse for a medical man remaining ignorant on the most important branch of medical education.

"There is one thing that has been definitely settled, and that is, that healthy blood, plasma and white corpuscles are the best defenders against disease germs, and as they are formed directly from what is eaten, it is to be expected that pure food, and that which contains all the elements of nutrition is necessary, not only to prevent disease, but heal the sick, to say nothing of building up a sound mind in a healthy body."

## "DOCTOR, WHAT SHALL I EAT?"

still remains unanswered so far as anything appears in the above quotation from the eminent physician. But while this same physician, who is a specialist in the treatment of diseases having their origin in indigestion and mal-nutrition, and who has given the food subject special study, for reasons of his own and well-known to the profession, does not here name the food—the bread, he prescribes, he nevertheless does prescribe Shredded Whole Wheat Biscuit to his patients with most satisfactory results.

HENRY D. PERKY.

From the most abject physical wreck I have succeeded, by the use of naturally organized food, in reorganizing my body into perfectly healthy conditions. I use no other bread nor cereal food product than Shredded Whole Wheat Biscuit, and dishes made from these Biscuit.

I am fifty-five years of age and feel younger than twenty years ago.

When I regained my health by the use of what seemed to me to be a rational diet, made of naturally organized food products, I became convinced that the American people did not have a bread that was fit to eat; and that with plenty of the best of food products this people was poorly nourished, and that premature deaths were generally the result of starvation.

### **A PERFECTLY BALANCED FOOD PRODUCT**

I found in the Whole Wheat; but I also found that Whole Wheat contained a large percentage of starch which in the raw or partially cooked state could not be assimilated by the system, but on the contrary this insoluble and therefore indigestible starch not only in wheat, but in other starchy foods so universally used, caused in a large degree the sickness and suffering of mankind. I further found that the processes by which the cereal foods of the country were produced, and especially the fine flours of commerce, were scientifically incorrect; so much so that the flours are so dead as to require chemical and other disorganized agencies like yeast, baking powder, etc., to revivify and make light; and greasy substances to make short and palatable the bread or pastry, or article desired. I therefore had for my task and purpose the production of a bread and food made from the naturally organized and incomparable product,—

### **WHOLE WHEAT,**

which should be scientifically cooked, meaning that the starch shall be soluble in water, and made light and short without the use of any foreign substance whatever. I am glad to say that in all respects my efforts have been successful, and hereunder I present a cut of Shredded Whole Wheat Biscuit. They are put up in cartons of one dozen each in cases of twenty-five and fifty cartons and sold by first-class grocers.

### **SHREDDED WHOLE WHEAT BISCUIT.**

I hold to the belief that "naturally organized foods make possible natural conditions, and that there is no other way"; and I am supported in this by the most eminent physicians and scientists of the age. The physician will find Shredded Whole Wheat Biscuit his greatest friend in the treatment of indigestion and constipation and resulting diseases. It is not only a proper food for the sick, but eminently so for those who are well and desire to remain well.

Shredded Wheat suggests mastication, whereas all other cereals that are cooked up into mushes or porridges are lubricated or washed into the stomach without mastication, with most damaging results.

The great crime of this age is against helpless children. Twenty-five per cent of all the children born die under one year of age, and thirty-three per cent under five years. This is unnecessary. Improper food is mainly the cause of this outrage. The moment a child is ushered into the world, the work of perverting its taste begins, and if the poor baby survives (which is a wonder), its unnatural tastes lead it to a desire for food that builds the toothless, brainless, nerveless, rickety structure and excuse for a man or woman. I have therefore prepared a Baby Food made of the Shredded Whole Wheat Biscuit, to which is added a little pure sugar of milk. The Biscuit for the Baby Food has been specially treated, and the starch converted so the infant readily assimilates the food and is properly nourished. Special care has been taken to avoid making the food too sweet, as is commonly the case. The change from Wheat-Shred Baby Food to solids which are natural foods, is readily accomplished, for the taste is not perverted. What a mother says of this product we print, together with testimonials of Shredded Whole Wheat Biscuit.

Yours truly,

H. D. PERKY,  
Worcester, Mass.

"We are having great success with the food (Wheat Shred Baby Food) and can certainly recommend it. It was the first we tried, and the change since giving this has been pronounced. He (the baby) has gained over two and a half pounds since your first bottle came (three weeks)."

MRS. W. H. MARK-PILLSBURY,  
121 Avenue, Somerville, Mass.

This is from WILLIAM E. LINCOLN, of the Fire Insurance firm of Aug. N. Currier & Company, Worcester, one of the largest and best known firms of fire underwriters in Massachusetts. Mr. Lincoln writes as follows:

"In the fall of 1895, I broke down as the result of a too close application to business. My condition was such that I was unable to walk except for a few feet at a time. By the advice of friends, I began eating Shredded Whole Wheat Biscuit, and entirely discarded the use of medicine. Within a week from the time I began to eat Shredded Whole Wheat Biscuit, my health showed a marked improvement and there was a continuous gain until a perfect restoration had taken place. Since I began to eat this food I have paid only two dollars for medical attendance, and it is thirty months since I consulted a

physician. For more than a year I have been able to be in my office every day, and

it is the first year in twenty-five that I have had the health to do this. Previous to my daily diet of Shredded Whole Wheat Biscuit, there had not been a year in the past quarter century during which I was not laid up from four to eight weeks with inflammatory rheumatism, but since the fall of 1895 I have been entirely free from this disease. I was also formerly subject to severe and frequent attacks of sick headache, but since I began eating Shredded Wheat these have wholly disappeared."

WM. E. LINCOLN.

The testimony of DR. C. FRANK BLIVEN, No. 1 Elm St., Worcester, Mass., has peculiar value and interest, because he is a dentist of thirty years' practice and has for a series of years made a study of food products in their relation to the building and preservation of teeth. Dr. Bliven says:

"I have given much thought and study to the subject of diet and its effects on the teeth. No dentist can SAVE your teeth. He may fill, from time to time, the cavities caused by decay or may supply artificial substitutes for the lost organs of mastication, but SALVATION of the teeth depends upon recognition of, and obedience to, certain laws of life. I cannot enter into details, at this time, but the three fundamental principles upon which preservation of the teeth depends are first, a contented mind; second, proper nutrition, including quality, quantity and regularity; third, exercise—not only of the body generally, but exercise of the teeth by daily consumption of food that demands

mastication. Teeth were meant to be used, and the health of any organ is promoted by the performance of its functions.

DR. C. FRANK BLIVEN.

"I believe that Shredded Whole Wheat Biscuit are the best form of food known for building and perpetuating the teeth. They are of the right consistency to give them proper exercise, and they contain all the essential properties to retain the strength and usefulness of the teeth. As a result of my study of food products in their relation to teeth building and preservation, I am constrained to say that people must become conversant with and be observant of these facts if they would have good teeth and good health."

# BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.

Founded by the late Robert A. Given, M. D., 1859.

**CLIFTON HEIGHTS, Delaware County, Pa.**

Medical Superintendents—J. WILLOUGHBY PHILLIPS, M. D., S. A. MERCER GIVEN, M. D.

This institution is located a few miles west of the city of Philadelphia, at Primos Station, on the Philadelphia & Baltimore Central Railroad, and is designed to accommodate a limited number of patients of each sex.

Burn-Brae has been in operation for more than a quarter of a century, and now numbers

its friends in all sections of the Union. No better proof of the confidence reposed in its management by the profession and the community at large could be given than the extensive improvements and additions that have been made during the last few years—not for the purpose of adding to the number of patients already provided for, but in order to increase the size of the old dormitories, and of erecting conservatories in the ladies' apartments.

The grounds, originally twenty-five acres in extent, have been increased to fifty-eight acres, thus, besides securing to the inmates perfect privacy, affording them in their walks the pleasing variety of hill and valley, meadow, brook and woodland.

The fact is now fully recognized by Psychological Physicians that the less we treat the insane as exceptional beings, by immuring them in large hospitals under strict discipline and modes of life widely different from the social amenities of home, the more likely is recovery to take place. Hence the advantage of small establishments where the arrangements are home-like and familiar.

It is the desire of the management of Burn-Brae to make it in every respect a home for their guests. The location is beautiful and salubrious; the house, though possessing all the safeguards and appliances of a public hospital, in external appearances and internal arrangements presents nothing to unfavorably impress the inmates.

The agreeable and soothing influence of music; the in-door games of chess, billiards, backgammon, ten-pins, shuffle-board; the open air amusements of croquet, lawn-tennis, cricket and football, are provided for and daily resorted to by patients.

A lady, well educated and of unexceptionable manners and deportment, resides in the same apartments and devotes her time to the lady patients, thus securing them on all occasions a pleasant companion and a watchful friend.

Access from Philadelphia by the Baltimore Pike, or take cars for Primos Station, on Central Division of P., W. & B. R. R., Depot Broad and Filbert Streets, Philadelphia.

## The Jackson Sanatorium

AT DANSVILLE, NEW YORK.

[Long known as "Our Home on the Hillside."] ESTABLISHED IN 1858.

**O**FFERS an unequalled combination of natural advantages, therapeutic appliances and favorable conditions for the sick and exhausted. It comprises a magnificent main building and twelve cottages, situated in a woodland park on the eastern mountain slope overlooking the attractive valley, town and beautiful hills beyond. Location unsurpassed for scenery, healthful climate, pure air and water. Malaria utterly unknown.

### The Main Building, 300 feet long and absolutely Fire Proof,

is designed to meet every need of the invalid, or seeker of rest and quiet, and is complete in sanitary details. It has light, airy rooms; safety elevator; electric bells throughout; perfect sewerage; extensive apartments for treatment arranged to secure individual privacy; all forms of baths, electricity, massage, etc., scientifically administered—Dr. Taylor's Swedish Movements. The Sanatorium is under personal care and management of a permanent staff of experienced physicians, all graduates of leading regular schools in America. Skilled attendants administer to every need. Here is found comfort without care, and freedom from the taxations of fashionable life, with the helpful influences of a well-ordered Christian home. Culinary Department under the supervision of Mrs. Emma P. Ewing, Superintendent of Chautauqua Cooking School, and leading teacher of scientific and hygienic cookery in the United States.

"The skill of the physicians and nurses has the successful history of years for its endorsement. The religious character of the life in the hillside home is unmistakable.

It is a fact, known generally by well-informed persons, that inebriety, morphine and other drug addictions are diseases, not simply habits, and to be cured they must receive medical treatment. The method of treatment originated by Dr. Leslie E. Keeley, and administered only at institutes authorized by him, cures these diseases. This statement is easily substantiated by facts. Three hundred thousand cured men and women are glad to testify to its truth. The treatment at this institute is pleasant. The patient is subject to no restraint. ## DR. ROBERTSON'S LATEST.

Multiple Comminuter and Compressed Air Apparatus Combined.

The Ne Plus Ultra Achievement.

The great success of the Multiple Comminuter as a means of treating diseases of the respiratory tract has created a constantly increasing demand for a less expensive, and more compact form of this popular apparatus.

To meet this demand Dr. Robertson has designed the instrument shown in the accompanying illustration, in which the Multiple Comminuter is fitted into the top of the air receiver. The advantages of this arrangement are at once apparent.

1. The whole outfit is complete and compact in one instrument.
2. No stand or table is required for the Vaporizer.
3. It can easily be moved from one position to another.
4. It is more convenient to operate than where the receiver is separate.
5. There are no connecting rubber tubes in the way or to get out of order.
6. The receiver can be used for operating spray tubes, or for any other purpose for which compressed air may be desired.

We make this apparatus in various styles and sizes, with from two to eight globes, so we can suit everyone as to style and price.

The gauge and regulating valve are so arranged that the pressure can be controlled with absolute precision.

The apparatus is so constructed that it can easily be taken apart and put together again.

### 1,000 VIBRATIONS PER MINUTE.

Our improved Vibrating Valve furnishes the only means of administering pulmonary, nasal, or aural massage with scientific accuracy. It is capable of producing 1,000 vibrations per minute, and is of great utility in treating diseases of the Middle-ear, occlusion of the Eustachian tubes, etc.

### METHODS AND FORMULÆ:

Send for circulars describing the Multiple Comminuter and containing valuable formulæ and methods of treatment.

Beware of Imitations.—Dr. Robertson is the original inventor, and has the only patents ever issued on a Multiple Vaporizing, Nebulizing, Atomizing or Comminuting Apparatus. Damages have been collected, and suit for infringement is now pending.

The buildings are modern, situated in spacious and attractive grounds, commanding superb views of Long Island Sound, and surrounding hill country. It is proposed to conduct the institution on a **liberal scale**, and the accommodations, table, attendance, nursing, and all appointments will be suited to first-class patients. It is the purpose of the institution to continue home-life under proper medical care and the guidance needed in each individual case.

The department for Alcoholics and Narcotics is well equipped, separate and detached. By applying to the managers the patient may be committed for a year, if so desired.

# INTRODUCTORY.

---

The fifth edition of R. L. Polk & Co.'s Medical and Surgical Register is introduced with the confidence that it will be found more complete in its information and more comprehensive in its scope than any other previous publication.

In addition to the usual contents, this edition includes a list of physicians in the Dominion of Canada and Newfoundland. These, together with immigration and recent graduates in the United States, increase the total number of physicians' names in the volume to over 130,000. Irrespective of pathy, these are conveniently arranged alphabetically by State, Province and postoffice. Each name is accompanied by all the information obtainable regarding place and time of graduation. To avoid the enormous bulk that would have resulted from giving the full name of the college and school of medicine practiced, a convenient and intelligible system of symbols is adopted, which is fully explained in a foot note on each page. At the commencement of the list for each State, Territory and Province is a good descriptive article, embodying such matters as location, boundaries, extent in miles and acres, latitude and longitude, statistics regarding climate, temperature, population, rate of mortality, number of deaths from consumption, all medical and charitable institutions, medical societies and the full text of all laws for regulating the practice of medicine.

In addition to this complete directory, the 125,000 names in the United States are repeated in alphabetical order and opposite each name is the page on which it appears, with postoffice address, graduation and other particulars, forming an index, by means of which the present location of any physician in the United States may be readily ascertained.

Preceding the directory of names are departments prepared with great care, giving full lists of all medical colleges, either existing or extinct, in the United States and Canada, of officers of the medical departments of the United States Army and Navy, Marine Hospital Service and Pension Department, and a complete directory of the Medical Journals of the United States and Canada. All errata and the names of physicians, societies, institutions, etc., received too late for publication in the body of the book will be found in the appendix, pages 2481-2502.

In a work of such magnitude, entailing the compilation and printing of the mass of figures and symbols embodied in the book, it will be at once apparent that unavoidable errors may have crept in, notwithstanding the great care exercised by the publishers. Where the college training of a physician does not appear favorably, all interested persons are requested to apply to the publishers, who will be glad to furnish all available information touching upon the case, to the end that possible errors may be explained and no injustice done to the individual.

The publishers desire to thank all those who have assisted them during the compilation of the work, and would especially acknowledge their obligations to the officers of the different medical colleges who have rendered valuable service in perfecting the contents of this edition. It is intended that the publication shall be regularly issued, and in accordance with that intention a sixth edition will appear in due time, in which there will be made such additions and improvements as may be deemed advisable.

---

NOTE.—Special attention is called to the fact that the asterisk (\*), meaning “no report received in answer to inquiry regarding graduation,” was only used after the most thorough research of the alumni lists of all existing colleges had failed to yield any particulars, and does not at all imply that the physician after whose name it appears is a non-graduate. Doubtless the names of some are so inserted who are graduates and prominent in their profession; in such cases the publishers found it impossible to secure the desired graduation data before going to press.

# OAK GROVE, FLINT, MICH.

A Hospital for the  
Treatment of Nervous  
and Mental Diseases.

ESTABLISHED IN  
..1891..

## BUILDINGS

modern and  
free from institu-  
tional features;  
located in a grove of  
sixty acres of stately  
oaks; erected with

especial reference to the needs of patients  
suffering from nervous and mental diseases.  
Picturesque grounds which have been pre-  
served in their natural beauties afford abun-  
dant facilities for recreation. Charming drives  
in and about Flint for which *carriages are*  
*provided without charge*, are given patients

daily. Outdoor sports and indoor amusements are special features. Buildings are  
of substantial construction, perfectly heated and ventilated and luxuriously fur-  
nished. Home comforts and restful surroundings are assured to those seeking relief  
from disease, and to invalids requiring quiet, healthful influences. Purest water in  
abundance is supplied from artesian wells. A flowing well on the premises 265 feet  
in depth supplies an alkaline mineral water, said by the analytical chemist to be of  
medicinal value in catarrhal disturbances of the stomach and biliary passages, and  
in rheumatic affections. Copy of quantitative analysis furnished on application.

The hospital cuisine is strictly first-class, and effort is constantly made to meet  
individual tastes and preferences. Milk is furnished by a private herd of well  
selected cows.

NOYES HALL, completed in the spring of 1896, furnishes ideal advantages for  
indoor amusements. The corridor connecting, provides, above, a hall for dancing  
and assemblies, below, a bowling alley. In the building proper, there are contained,  
gymnasium, billiard and card room, ladies' sitting room, lounging and smoking  
room and library, Turkish bath and electrical room.

The hospital is thoroughly equipped with the latest modern appliances for  
treatment, including Static, Faradic and Galvanic apparatus and Electric bath.  
Massage and Electric Massage are intelligently administered.

Flint is a beautiful city of ten thousand inhabitants, located in a prosperous  
agricultural region of Michigan. It is easily accessible from points east and west,  
being situated upon the Trunk lines, Chicago & Grand Trunk and Flint & Pere  
Marquette Railways.

Dr. Burr, Medical Director, was for sixteen years connected with the Eastern  
Michigan Asylum, and for five years superintendent of that institution.

A limited number of patients received. For further particulars, address

## ARMY MEDICAL MUSEUM AT WASHINGTON, D. C.

The Army Medical Museum was removed in 1887 from the building formerly known as Ford's Theater (Nos. 509 and 511 10th st. n. w.), and now occupies a portion of the new building erected at the northwest corner of 7th and B streets s. w., east of the National Museum. The rest of the building is occupied by the Library of the Surgeon-General's office, a portion of the Record and Pension Division of the War Department and the Laboratory.

The museum was founded, and a large portion of the medical and surgical specimens collected, during the war of the rebellion. Since the close of the war, however, the officers in charge have continued to collect specimens from the medical officers of the army at the several military posts, and a number of valuable specimens have been contributed by physicians engaged in private practice. Specimens of value from private physicians are always gladly received, and thus secure permanent preservation in connection with the names of the donors.

According to the report of the Surgeon-General for the fiscal year, terminating July 1, 1895, the museum contained 36,897 specimens. The collection is open to visitors daily from 9 a. m. to 4 p. m.

This collection is richer in specimens illustrative of the results of gunshot wounds, and of the surgical operations which they necessitate, than any other collection in the world. In other departments, though it does not equal some of the wealthy and long-established museums of Europe, its collections are nevertheless by far the most important in America, and are annually increasing in extent and value.

The library is the largest and most valuable medical library in the world. According to the Surgeon-General's report, above referred to, it contains about 123,924 volumes and 210,182 pamphlets, and is steadily increasing. Medical men from any part of the country desirous of consulting the works in this library are courteously welcomed and granted free access.

The Library is in the immediate charge of Major J. C. Merrill, Surgeon, U. S. A., and the Curator of the Museum is Major Walter Reed, Surgeon, U. S. A. Colonel Dallas Bache, Assistant Surgeon-General, is in charge of the whole, which is known as the Museum and Library Division of the Surgeon General's office.

## U. S. NAVAL MUSEUM OF HYGIENE AT WASHINGTON, D. C.

The United States Naval Museum of Hygiene, now located at 23d and E streets n. w., in the buildings recently vacated by the Naval Observatory, was organized by Congress in an Act making appropriation for its support for the fiscal year ending June 30, 1883.

The plan, briefly described, comprehends a collection that shall be illustrative of the entire range of sanitary science, the establishment of a course of lectures by authoritative sanitarians from all sections of the country, and a library of sanitary science, accessible, under proper restrictions and guarantees, to all who are engaged in the study of this branch of knowledge. The library already numbers many of the standard sanitary works in the English, French and German languages, and is constantly increasing.

The institution is fully equipped with chemical, bacteriological and physiological laboratories, and for the first time in its history has ample space for the proper classification and display of exhibits, now numbering over 2,000 specimens.

Contributions from medical men and sanitarians of the country, of essays, drawings or specimens bearing in any way upon hygiene or sanitary science are respectfully requested, and will be permanently preserved under the names of the donors.

## CIRCULAR FOR INFORMATION OF PERSONS DESIRING TO ENTER THE MEDICAL CORPS OF THE U. S. NAVY.

A candidate for examination and appointment in the Medical Corps of the Navy, must be between twenty-one and twenty-six years of age, and must apply to the Honorable Secretary of the Navy for permission to appear before the Naval Medical Examining Board.

The application must be in the handwriting of the applicant, stating age and place of birth, also the place and State of which he is a permanent resident; and must be accompanied by letters or certificates from persons of repute, testifying from personal knowledge to his good habits and moral character, and that he is a citizen of the United States.

**FORM OF APPLICATION.**

.....

.....189

Sir: I request permission to be examined for an appointment as Assistant Surgeon in the United States Navy.

I was born at ....., and was .... years of age on the .... day of ....., 189..., and am a citizen of the United States, residing in ..... county of ....., in the State of .....

I enclose herewith certificates as to moral character, habits and citizenship. Very respectfully,

.....

The Honorable Secretary of the Navy,  
 Naval Department, Washington, D. C.

If, in reply to the above, the candidate receive a permit, he will notify the President of the Board of the fact, and request him to appoint a time for his examination.

Candidates will be expected to present to the Board testimonials of educational and professional fitness.

The Boards are required, under oath, to report on the physical, mental, moral and professional qualifications of the candidate, so that the examinations are necessarily rigid and comprehensive, though simple and practical, and not beyond the attainments of any well-educated physician.

A successful candidate, upon the completion of his examination, will be notified by the President of the Board that he has been found qualified.

An applicant found "not qualified" may be allowed a second examination after one year, but not a third.

No allowance will be made for the expenses of persons undergoing examination, which, if uninterrupted, is usually completed within ten days.

Appointments will be made as vacancies occur, and in the order of merit reported by the Board, but a qualified candidate, not appointed within a year, must be re-examined.

The officers of the Medical Corps of the Navy are as follows: Medical Directors, Medical Inspectors. Surgeons, Passed Assistant Surgeons, and Assistant Surgeons.

Vacancies in these grades (by death or retirement at the age of sixty-two years) are filled in the order of seniority, and for each promotion a physical and a professional examination is required by law.

Assistant Surgeons are examined at the expiration of three years' service, and, if successful, become Passed Assistant Surgeons.

#### ORDER OF EXAMINATION.

##### I. PHYSICAL EXAMINATION.

The physical examination will be thorough and the candidate will be required to certify, under oath, that he is free from any mental, physical and constitutional defects.

## II. WRITTEN EXAMINATION.

1. The candidate will be required to address a letter to the Board of Examiners, stating concisely—

(a) The date and place of his birth; the school or college at which he received his general education; the medical school or schools at which he received instruction, and, if an alumnus, the date of his graduation and the time when he commenced the study of medicine, also the title of the text-books studied.

(b) The opportunities he has had of engaging in the practice of his profession, and whether he has or has not been a resident physician or interne in a hospital.

(c) The candidate will append to this letter his name in full, post-office address, and his local address at the date of the examination.

2. A thesis or short essay must be prepared (without reference to notes or books) upon some professional subject indicated by the Board; and answers will be required on the usual professional subjects, including hygiene and quarantine; also, general history and literature, physics and the elements of botany, geology and zoology.

## III. ORAL EXAMINATION.

The candidate will be examined orally upon his literary and scientific acquirements, and upon the usual professional branches, including hygiene and microscopy.

## IV. CLINICAL EXAMINATION.

The Clinical examination of patients will be made by the candidate at a naval hospital, and will include the use of the microscope, thermometer, laryngoscope, ophthalmoscope and other aids to physical diagnosis; after which he will be required to submit a written report on one or more cases.

## V. PRACTICAL EXAMINATION.

The practical examination will comprise surgical operations on the cadaver, the application of splints, bandages and surgical dressings, the use of the microscope (for clinical purposes and the recognition of pathological or other specimens), and chemical and pharmaceutical manipulations.

A candidate may withdraw at any period of the examination, with the consent of the Board, and may, at a future time, present himself for re-examination.

The Board may conclude the examination (written, oral or practical) at any time, and may deviate from this general plan in such manner as it may deem best to insure the interest of the naval service.

JOHN D. LONG, Secretary.

NOTE.—For further information apply to President Naval Medical Examining Board, Naval Laboratory and Department of Instruction, Brooklyn, N. Y.

# NEW YORK DENTAL SCHOOL.

(Co-Educational.)

AN INSTITUTION IN THE  
**UNIVERSITY OF THE STATE OF NEW YORK**  
**NEW YORK CITY.**

The Scholastic Year will commence the second Tuesday in October. Attendance upon three regular courses of lectures will be required before the final examination for the degree of Doctor of Dental Surgery.

## Important Changes in Regents Requirements.

Students who have completed partial courses in academic institutions may receive credit for the same towards academic equivalent, dental student certificates.

Students who matriculate prior to January 1st, 1900, in registered dental schools may gain dental student certificates on a 36 academic count basis.

Only 24 academic counts, or their equivalent, are required to matriculate in dentistry, the other 12 academic counts must be earned during the first year of professional study.

Many students who have abandoned the idea of entering a professional school, or those who have planned not to enter until 1899, may now find it possible to enter this fall.

The courses of instruction are graded, and include systematic work by every student in the laboratories and clinics. For the annual announcement and further information, address

**DWIGHT L. HUBBARD, M.D., Dean,**  
**117 W. 93rd Street, NEW YORK CITY.**

# The 20th Century Doctor as a Diet Specialist will prescribe

**Granose**, a new perfect, cereal food, containing the elements of the entire wheat, and meeting all the demands of the human system by supplying everything needed in its structure. GRANOSE freely used cures constipation, biliousness, sick headache and indigestion.

**Granola**, a thoroughly cooked and partially digested preparation of wheat. Is admirably adapted to the use of all persons with weak digestion or defective assimilation. 1 pound equals 3 pounds of the best beef in nutritive value.

**Caramel=Cereal Coffee** is a most delicious, wholesome beverage. CARAMEL-CEREAL has all the good properties of tea and coffee, yet possessing none of their evil effects.

These are a few of the foods recognized by the progressive physicians as the best health foods on the market. The thirty years use of these foods in the cure of invalids at the Battle Creek Sanitarium, gives evidence of their merit, and emphasizes the importance and value of perfect food in effecting a cure of the sick.

We will mail you seven ounces of these foods on receipt of a postal; also, an art booklet containing a complete list of the **best foods on earth** for one 2c. stamp.

## TWENTIETH CENTURY FOODS

**Nut Ambrosia**, a delicate, delicious combination of nuts and predigested grains, resembling sea-foam. Crisp, crusty, comforting.

**Nut Bromose**, a predigested food, composed of caramels. Especially beneficial where ordinary foods cannot be tolerated.

**Nuttose**, a vegetable substitute for meat, prepared from purest edible nuts. Invaluable in diabetes, emaciation and hyperpepsia.

**Nut Butter**, a complete food, and incidentally designed to replace dairy butter. Useful in Bright's disease, dyspepsia and consumption.

**Malted Nuts**, a food designed to arrest loss of flesh, creating rich, red blood, and a firm, healthy flesh.

**Maltol**, a liquid, predigested food, representing the perfectly digested starch of cereals, and the completely emulsified fat of nuts.

Single samples of any one of these foods sent, postpaid, on application. All sent by mail, postpaid, on receipt of 25cts. Send for handsome, illustrated circular.

# Ophthalmologist, Otologist and Laryngologist's OFFICE RECORD BOOK.

Third  
Edition.

## PREFACE.

It is said that any one can administer treatment in disease if he knows the disease, and "there's the rub"; for to know the disease—or, in other words, to correctly diagnose—one needs not only to be familiar with the symptoms in their various forms, but he must carefully examine.

Successful physicians, to whom we look for accurate knowledge, from whom we gain valuable statistics, and who become eminent in the profession, keep a full and accurate account of all cases brought under their notice.

The surgeon should record the name, age, nationality, occupation, residence, color of eyes, and temperament of each of his patients, and then the history as gotten from the patient or from the attendant.

In order to treat any disease properly, every practitioner knows that in addition to good judgment and professional skill, it is of the utmost importance that he arrive at a correct diagnosis, and that the correctness of the diagnosis largely depends on the history obtained and the proper questions calculated to essentially aid in the diagnosis.

The scheme of questions in the "Record" affords a ready means of getting a systematic history of the patient and of his or her disease. The questions and data given are such as will bring to light all the important points connected with the examination, diagnosis and treatment. The drawings and plates are meant to afford a ready way of giving an ocular demonstration by a few strokes of the pen and slight erasures of the colored plates; the description of which otherwise would require a multitude of words. Each page is designed for one patient only, and it affords room for the recording of thirty visits.

If the page is carefully filled out, the surgeon can, at a glance, tell the amount of the charge and the amount of credit, a concise and complete history, diagnosis, amount of vision of either eye, the hearing, etiology, prognosis, treatment, etc.

There are two forms, one for the ophthalmologist and another combined for the ophthalmologist, otologist, rhinologist and laryngologist. The books are not burdened with superfluous questions, data or charts, but contain only the more important questions and illustrations, which, when filled out, give a full history and picture of each case. These books are of incalculable value, especially when it becomes necessary to refer to former cases. The plates of the oculist's book show the normal fundus in color, in which, by a few strokes of the pen or by erasures, the different diseases of the fundus of the eye can be quickly and vividly indicated; as retinitis or choroiditis, posterior staphyloma, optic nerve atrophy, etc. There are two plates for recording the field of vision, also two front and two profile views of the eyeball, upon and within which pathological lesions can be quickly indicated. The ear, nose and throat book contains several cuts in colors, viz.: anterior and posterior nares, the turbinate (vertical section), a section of the external, middle and internal ear, the membrana tympani and vocal chords.

The author has used the book in his private and clinical practice for the past eighteen years, and is constantly apprised of the value of these systematic entries, especially as he refers to the record of his former patients. In the back of the book is found a classification of diseases with spaces for recording the number treated during each month of the year and the operations made. There is also a page for cash receipts of each day of the month and each month of the year.

These books are put up in strong binding, with Morocco leather corners and spring back. They contain 365 pages, or a page for one new patient each day of the year. They save time and labor and serve as a day-book, journal, ledger and cash book, as well as complete record of each case treated. The account of each patient is always balanced.

## PRICE OF EITHER BOOK IS \$5.00.

An average of one new patient a day represents a practice of six to ten thousand dollars a year, and if we take into consideration that this book takes the place of a day-book, journal, ledger and cash book, besides containing valuable data, it is certainly very inexpensive, and one can well afford to pay \$5.00 for the book and devote one page of it to each patient received.

# "Anomalies of Refraction and of the Muscles of the Eye."

By FLAVEL B. TIFFANY, M. D.,

*Professor of Ophthalmology and Otology of the University Medical College of Kansas City, Mo.; Oculist and Aurist to All Saints and German Hospital;  
Oculist to the M. K. & T. R. R.*

Member of the International Medical Congress, Pan-American Association, American Medical Association, American Microscopical Society, Missouri State Medical Association, Kansas State Medical Association, Missouri Valley Medical Society, Etc.

**B**UT about four years have elapsed since the first edition of this work, "Anomalies of Refraction and of the Muscles of the Eye," was placed upon the market. The first and the second editions, and nearly all of the third are now exhausted.

"The work seems to especially fill the needs of the general busy practitioner, as well as the student of medicine, and more especially the beginner in ophthalmology." For the optician it is just what he wants, as has been expressed by several. It is generally said of the book that it is plain and easily understood, that it contains the kernel without the husk, all the essentials, coming direct to the point without verbosity or reiteration, and that it is up to date in all the more recent developments of the science.

## "SOJOURN AMONG THE OCULISTS OF EUROPE."

By FLAVEL B. TIFFANY, M. D.

"Sojourn among the Oculists of Europe," by FLAVEL B. TIFFANY, is a little book of 125 pages. It is, as the title suggests, a visit among some of the principal oculists of Europe, embracing Scotland, England, Ireland, Holland, France, Denmark, Germany, Bohemia, and Austria. The sojourn starts from Kansas City, Mo. (the home of the author), and comprises a visit to the American Microscopical Society, held at Pittsburgh, Penn., the International Medical Congress at Washington, from New York across the ocean to Queenstown, Ireland; then on to Cork, Blarney Castle, over the Lakes of Killarney on to Dublin; from Dublin to Belfast and Giants' Causeway, to Ayr, the home of the peasant bard; thence to Glasgow, Edinburgh, Liverpool, London, Paris, Holland, Denmark, Germany, Bohemia, Austria, Italy, Sicily down as far as Syracuse, returning by the way of Palermo, Naples, Pesto, Pompeii, Verona, over the Alps to Munich, Heidelberg, Strassburg, Havre, and then by French Line back to New York.

In the sojourn various topics pertaining to the subject of ophthalmology are discussed, especially that of cataract. The book is profusely illustrated, containing one hundred cuts, among which are some fine "half-tones" of European oculists and aurists, notably Helmholtz, Jacobs, Fitzgerald, Story, Maxwell, Benson, Robertson, Berry, Browne, Bowman, Critchett, Nettleship, Hutchinson, Cross, Juler, Power, Zieminski, Landolt, DeWecker, Panas, Galezowski, Abadie, Meyer, Charcot, Donders, Hansen-Grut, Hirschberg, Schweigger, Schoeler, Graefe, Von Graefe, Schwartz, Coccius, Sattler, Fuchs, Stelwag, Politzer, Gruber, Becker and Stilling. Besides these, there are several fine "half-tones" of places visited, with notes of comment from the author's diary.

A companion book of the "Anomalies of Refraction and of the Muscles of the Eye" of about the same size is in process of preparation, in which will be treated the diseases and injuries incident to the eye. Should it meet with the generous reception accorded to its elder brother the author will indeed be truly gratified.

This is the first instance that has come to the knowledge of the Board of any diplomas of this school being held in this country and presented as a qualification to practice medicine. Diplomas of this institution were sold in Scotland several years ago, and the attention of the Board was called to the same by Hon. John Eaton, then U. S. Commissioner of Education. Through prosecutions during the year 1885, in Germany, it has been ascertained that parties held diplomas from this institution in that country. This so-called institution never had a legitimate existence; only one of the original incorporators and officers is now living, and he says that he never signed a diploma."—Illinois State Board of Health.

# ALLOUEZ MAGNESIA WATER

## THE NATURAL SPECIFIC

. . FOR . .

Diabetes. Bright's Disease,

Albuminuria, Cystitis,

Jaundice, Rheumatism, Gout,

Gravel, Nervous Prostration, Calculi,

AND THE Disorders of Digestion.

Successfully employed by the Medical Profession everywhere, as a uric solvent, tonic, regulator, and eliminating agent in nervous and renal disorders.

Extremely pleasant to the taste, well borne by the stomach, prompt, safe and efficient. The standard prescription in chronic cases, where the liberal use of a strong alkaline agent is indicated. Pronounced by eminent medical authorities in renal diseases, after exhaustive clinical tests, to be a **POSITIVE DISCOVERY** in the therapeutics of **DIABETES, BRIGHT'S DISEASE**, and the uric acid diathesis.

**ALLOUEZ** holds in perfect solution 62.38060 grains per gallon of the alkaline salts of magnesia, sodium, lime, iron, and silica, in combination with carbonic, sulphuric, and hydrochloric acid gases.

## PRACTICAL EVIDENCE.

**A. H. Levings, M. D.** (Prest. College Physicians and Surgeons, Milwaukee):

"During the past summer I suffered from an aggravated case of **Catarrhal Jaundice**. **Allouez** was of great benefit to me, and aided very materially in my recovery."

**Robert A. Neale, A. M., M. D.** (Chicago):

"I have prescribed **Allouez Magnesia Water** for the past two years in my practice, and with entire satisfaction.

The most remarkable results have been obtained from its use in **Chronic Rheumatic Gout, Diabetes, and Bright's Disease**."

**Prof. Clifford Mitchell, A. M., M. D.** (in the Hahnemannian Monthly, Jan., 1897):

"However skeptical, I could hardly close my eyes to the results obtained. I wrote a paper about this water (**Allouez**) which was read at Omaha. In this paper I took the ground that the water was well worthy of trial. Was curious to learn whether other physicians would get as good results. Since that time I have had a number of grateful letters, the **FIRST** in my experience in treating **Diabetes**. 'I am better than in years,' writes one man. 'It has been a God-send,' says another. 'A thousand thanks,' says a third.

**ALLOUEZ WATER.****PRACTICAL EVIDENCE.****P. O'Keef, M. D. Menominee, (Mich.):**

"In July 1892, after continued treatment, including a milk diet, and consultation, as a last resort I prescribed **Allouez** alone, in the case of a young man twenty-two years old, suffering from **Bright's Disease** (acute parenchymatous nephritis), and the prompt results obtained were extremely gratifying. When placed on the water the kidneys were enlarged and very tender, and could be seen outlining the sides and the front of the abdomen.

The urine was heavily loaded with albumen, tube casts, and broken down tissue having a specific gravity of 1008, and excretions amounted only to 6 to 8 ounces in twenty-four hours. After a few days' use of the water the passage of the urine increased rapidly to 90 ounces in twenty-four hours with specific gravity at 1014. The urine gradually became clearer, and in about two weeks the quantity passed in twenty-four hours decreased from 90 to 60 ounces, and specific gravity became normal. Two months afterward the microscope revealed neither tube casts or blood.

The patient entirely recovered, and his good health to-day prompts my presenting these facts now, six years later."

**A. W. HINMAN, M. D. (Chicago):**

"My experience with **Allouez** dates from December 1894 to the present time. I now have two cases of **Diabetes** on the water. Both cases are men of middle age, suffering from the obese variety of **Diabetes**, passing from 120 to 170 ounces of water daily, really what is termed polyurias, the specific gravity of urine averaging from 1030 to 1045, and containing about six per cent of sugar. This was a heavy drain upon the system, and if continued would have carried them well toward their graves by this time. One of them had paralytic symptoms of both upper and lower extremities to such an extent that walking was almost impossible.

Within twenty-four hours after using the water, both urine and sugar decreased visibly. In fact, the sugar was reduced over fifty per cent in forty-eight hours, and has constantly continued to decline under all the tests in common use. The specific gravity, instead of always standing above 1030, now is rarely above 1025, and averaging from 1018 to 1020.

In the case which was paralyzed, the sugar is reduced to a mere trace, by Haines' solution tests, and the paralytic symptoms entirely obliterated. He is strong and healthy to all appearances.

The other case has improved to the extent that the Haines' test for sugar (which is one of the best we have) shows only an occasional trace. Although he has been a man in business and could not rest from it, he has made this astonishing improvement. I consider this the more remarkable of the two cases, from the fact that he was under heavy pressure during all the time of treatment. Both cases are now passing normal amounts of water, about 50 ounces daily. I want to tell you, though, that these results were obtained by reducing both cases to a system of strict daily examination of the urine as to quantity, specific gravity, and Haines' test for sugar. Every few days the Yeast test was made also, and in comparison Fehling's test. These tests were not only made daily, but several times a day, and written reports returned to me every seventh day. I furnished the apparatus necessary for testing, instructing them fully in the methods, and required them to measure the urine daily. It was by this system of constant tests, and watchfulness over the cases themselves, that I was able to convince them of the gain in their condition. They were in this way brought to see for themselves the comparison between what had been and what existed as they progressed."

THIRD REVISED EDITION.

---

R. L. POLK & CO.'S  
**DENTAL REGISTER,**

OF THE UNITED STATES AND CANADA.

---

The revised edition, to appear in 1898, will contain the names and addresses of over 20,000 Dentists, a list of the DENTAL COLLEGES in the United States and Canada, a synopsis of the LAWS for regulating the practice of Dentistry, and the Graduation Particulars of each Dentist. It will also include a vast amount of other information of special interest to the Dental Profession, calculated to insure for it a large and general circulation throughout both countries.

It is the **ONLY NATIONAL PUBLICATION** of the kind, and is conceded to be the standard and recognized Dental Register, and list of Dentists, Dental Institutions and Societies.

If you have anything to say to the **20,000 DENTISTS** in the United States and Canada, there is no better or more economical way of saying it to them than by an advertisement in the Register; or, if you wish to send them your circulars, the Register contains the list in convenient form for addressing.

Alabama extends from 30 degrees 12 minutes north latitude to 35 degrees north latitude, a distance of 331 miles; and from 84 degrees 55 minutes to 88 degrees 35 minutes west longitude, a distance of 214 miles, and is in the same latitude as Palestine, Northern Africa, Central China and Southern Japan. It is bounded on the east by Georgia, on the south by Florida and the Gulf of Mexico, on the west by Mississippi and on the north by Tennessee, and comprises an area of 50,722 square miles, or 32,462,080 acres. The climate is warm and semi-tropical. The northern portion is considerably colder than the southern, which is accounted for more by its greater elevation than from its higher latitude. The mean annual temperature is 62.37 degrees as observed at Auburn, which is situated near the geographical center of the State. The mean annual temperature in the valley of the Tennessee river is 60 degrees, and in the extreme south about 69 degrees. The rainfall of the State is quite noteworthy, averaging 63 inches, which is distributed with tolerable regularity throughout the seasons. The beautiful Tennessee river drains the northern portion of the State. Entering at the northeast, it makes a broad sweep of about 280 miles, and forms for a short distance the northwest boundary, before entering Tennessee on its way to join the Ohio at Paducah, Ky. Its mineral springs are famous for their medicinal qualities. Among them are the well known Bladen Springs (alkaline) in Choctaw county and the Blount Springs (sulphureted) in Blount county. The following table shows the increase in population for 70 years:

1820 .....	127,901	1860 .....	964,201
1830 .....	309,527	1870 .....	996,992
1840 .....	590,756	1880 .....	1,262,205
1850 .....	771,623	1890 .....	1,513,017

The Medical Colleges in the State are: The Medical College of Alabama (Medical Department of the University of Alabama), Mobile; the Birmingham Medical College, Birmingham and the Montezuma University Medical College at Bessemer.

Rate of mortality in Alabama, as computed from the U. S. census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,513,017	20,898	13.81	10,307	10,591	12.36	15.60

## MEDICAL LAWS OF ALABAMA.

### AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF ALABAMA.

Be it enacted by the General Assembly of Alabama:

Section 1. That no person, except those proposing to practice some irregular system of medicine, shall be permitted to practice medicine in any of its branches or departments as a profession and means of livelihood in the State, without having obtained a certificate of qualification from some authorized board of medical examiners as hereinafter provided.

2. That no person shall be permitted to practice any irregular system of medicine in any of its branches or departments as a profession or means of livelihood in this State, without having obtained a diploma or certificate of qualification in anatomy, physiology, chemistry and the mechanism of labor, from some authorized board of medical examiners as hereinafter provided.

3. That the Board of Censors of the Medical Association of the State of Alabama, organized according to the constitution of the said Medical Association of the State of Alabama, which was adopted at its annual meeting at the city of Tuscaloosa, in March, 1873, and the boards of censors of the several county medical societies which are in affiliation with the said Medical Association of the State of Alabama, and organized in accordance with the provisions of the constitution just mentioned, be and are hereby constituted the authorized Boards of Medical Examiners referred to in the first section of this act.

4. That the standard of qualifications required of persons desiring to practice medicine in this State, together with the rules for the government of the authorized boards of medical examiners, shall be such as may be determined from time to time by the said Medical Association of the State of Alabama, in accordance with the provisions of its said constitution of 1873.

5. That every diploma or certificate of qualification authorizing any person to practice medicine in this State, which shall be issued by any authorized board of medical examiners, shall be presented to the Probate Judge of the county in which said person resides, who shall officially endorse the same, and seal it with the seal of the county, and who shall also cause a full and fair copy of the same to be made in a well-bound book to be kept for that purpose, and called the register of licensed practitioners of medicine, and for this service shall be entitled to a fee of one dollar: Provided, That said Medical Association, nor any board of censors in affiliation with it, shall be allowed to charge any fee for any diploma or certificate of qualification which may be granted by it.

7. That all persons who shall be legally engaged in the practice of medicine in any county of this State, before the organization of the board of medical examiners of said county, all persons who at any time have been

legally engaged in the practice of medicine in this State, and who are now authorized to practice medicine in this State, shall be entitled to the certificate of the board of medical examiners, and to be inscribed in the register of licensed practitioners of medicine without examination as to qualification.

8. That the provisions of this act shall take effect in any county of this State whenever the board of medical examiners for said county shall have organized, as hereinbefore provided, and the fact of such organization officially communicated to the probate judge of said county by the board of censors of the Medical Association of this State.

9. That none of the provisions of this act shall apply to females who now or may hereafter be engaged in the practice of midwifery: Provided, said females practice no other branch or department of medicine.

10. That all laws and parts of laws in conflict with the provisions of this act, be and the same are hereby repealed, and this act shall be in force from and after its passage.

Approved February 9, 1877.

Amended 1891.

Sec. 6. Any person practicing medicine or surgery in this State without having first obtained a certificate of qualification from one of the authorized boards of medical examiners of this State, shall be guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars, nor more than one hundred dollars: Provided, That this act shall not apply to any doctors or physicians now practicing in Alabama, who are graduates of a respectable medical college, and have complied with the law by having their diplomas recorded by the judge of probate in the county in which they may be practicing medicine, and this act shall not apply to any physician who has practiced medicine in this State for the past five years.

Approved February 18, 1891.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

# AMMONOL in LaGrippe behaves as a stimulant as well as an ANTI-PYRETIC and ANALGESIC. (See page 17.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

Alaska was purchased from Russia by the United States, in 1867, for \$7,200,000 in gold, and extends from the Diomedé Islands in Behring Straits in N. latitude 66°, W. longitude 168° 50', eastward along the shore of the Arctic ocean to W. longitude 143°, N. latitude 69° 30', and from the Diomedé Islands southward to N. latitude 50°, W. longitude 168°; thence eastward to the 143 meridian. It is a peninsula situated in the extreme northwestern portion of North America, and comprises an area of 577,390 square miles, or 369,529,600 acres.

The mean annual temperature at Sitka is about 44° F. The coast is warmed by the Japan current, which in the Pacific is the counterpart of the Gulf stream in the Atlantic. The warm, moist sea air, meeting a cold current from the mountains, causes frequent fogs and rains along the southern coast. The average rainfall is between 80 and 85 inches, the months of September and October being especially wet.

No reliable mortality statistics are obtainable.

Arizona extends from 109 degrees to 114 degrees, 47 minutes, 6½ seconds longitude west of Greenwich, and from 31 degrees, nineteen minutes, 24 seconds, to 37 degrees north latitude, and is bounded on the north by Utah and Nevada, on the east by New Mexico, on the west by California and Nevada, and on the south by the Republic of Mexico. It comprises an area of 113,916 square miles, or 72,906,240 acres, or nearly three times the size of New York State.

The territory was organized in 1863.

The climate is salubrious and pleasant, except in the lower sections near the Gila and Rio Colorado, where the summers are excessively hot. Rainfalls occur during the months of June, July, August and September, but numerous streams, fed by never failing springs and melting snow, supply all the water that is needed for farming purposes.

The following table shows the increase in population for twenty years:—

1870 .....	9,658	1890 .....	59,620
1880 .....	40,440		

Rate of mortality in Arizona, as computed from the United States census of 1890:

59,620	573	9.61	543	30	9.77	7.42

Total number of deaths from consumption during 1890 was 68, which was at the rate of 1.14 per 1,000 of population, or 118.67 per 1,000 of total deaths.

## MEDICAL LAWS OF ARIZONA.

### AN ACT TO AMEND AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN ARIZONA.

Be it Enacted by the Legislative Assembly of the Territory of Arizona:

Section 1. It shall be unlawful for any one to practice medicine, surgery or obstetrics in Arizona unless such person shall have obtained a diploma regularly issued by a medical college properly and lawfully organized under the laws of the State or Territory wherein said college shall be located.

Sec. 2. It shall be unlawful for any person to practice medicine, surgery or obstetrics in Arizona unless such person shall have passed a satisfactory examination before the examining board hereinafter provided, and provided further, that the provisions of this act shall not apply to women who have practiced obstetrics; provided further, that the provisions of this act shall not apply to resident practicing physicians or surgeons who have already complied with the present existing laws.

Sec. 3. There shall be established in Arizona a Board of Medical Examiners. Said Board shall consist of five members to be appointed by the Governor within thirty days after the passage of this act, each of whom shall be a graduate physician of at least five years' consecutive practice, and who shall be at the time of their appointment actually engaged in the practice of medicine, and a bona-fide citizen of Arizona, one of whom shall be appointed for the term of one year, one for the term of two years, one for the term of three years, one for the term of four years, one for the term of five years. And hereafter it shall be the duty of the Governor to appoint or reappoint examiners every year as the term of those heretofore appointed shall terminate, either by resignation, death or expiration of their term of office. Said appointments shall be made so that said Board of Examiners shall consist of two physicians of the so-called regular school of medicine and two of the so-called Homeopathic School of Medicine, and one of the so-called Eclectic School of Medicine. Each applicant shall pay the fee of five (\$5.00) dollars before examination, which shall be the only compensation of said Board of Examiners.

Sec. 4. Said Board of Examiners shall organize by electing one of their number as president and one as secretary and make rules and regulations for the government of said Board. Said Board shall meet quarterly and at

such other times as the Board may deem advisable, and examine all persons eligible to practice medicine under this act, but the examination of each applicant shall be conducted by the members of whichever school of medicine the applicant may choose, and upon their approval a certificate shall be issued by the Board.

Sec. 5. Any person shall be regarded as practicing medicine who shall profess publicly to be a physician or who shall prescribe for the sick; but nothing herein contained shall be construed to prohibit gratuitous services in cases of emergency, or for a physician or surgeon of the United States army in the discharge of their duties as such, but none of the provisions of this act shall apply to those who are now and who have heretofore legally practiced medicine in Arizona.

Sec. 6. Any person violating any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than one hundred (\$100.00) dollars nor more than three hundred (\$300.00) dollars, or by imprisonment in the county jail for a period of not less than three months nor more than six months or by both such fine and imprisonment at the discretion of the courts.

Sec. 7. All acts and parts of acts conflicting with this act are hereby repealed, and this act shall take effect and be in force from and after its passage.

Approved March 18, 1897.

ouri, on the west by the Indian Territory and Texas, on the south by Louisiana, and on the east by the Mississippi river, which separates it from Mississippi and Tennessee.

It was organized as a territory in 1812, and admitted as a state in 1836.

The climate is mild, the mean annual temperature in the northern part being about 58 degrees, in the central 61 degrees, and in the southern 64 degrees. The northwestern portion is the coldest, and the southeastern the hottest. The rainfall varies from 54 inches in the southeast to 40 in the northwest.

The mineral springs of the state deserve a much more extended notice than is possible in the brief space allotted to this sketch. Among these are the Eureka Springs in Carroll county, comprising the following: Basin, Harding, Crescent, Maxwell, Table Rock, Sweet, Grotto, Daisy, Mystic, Magnetic, Ozark, Cave, Oil, Blue, and forty other springs, which have long been famous for their curative properties; the Potash Sulphur Springs, about 7 miles east; the White Sulphur Springs, 3½ miles east, and the Mountain Valley Springs, 12 miles north of Hot Springs; and Wells' Antilithic Springs at Otokanah, of which the following is the analysis:

	Grains per Gallon.
Silica .....	0.38
Bi-Carbonate of Iron.....	2.17
Bi-Carbonate of Lime.....	12.66
Bi-Carbonate of Magnesia.....	3.17
Sulphate of Lime.....	2.54
Chloride of Iodine.....	0.88
Phosphoric Acid .....	0.22
Organic Matter .....	No trace
Total Salts .....	21.82

The following table shows the increase in population for seventy years:

1820 ..	14,255	1860 .....	435,450
1830 ..	30,388	1870 ..	484,471
1840 ..	97,574	1880 ..	802,525
1850 ..	209,897	1890 ..	1,128,179

There is one medical college in the State, the Medical Department of the Arkansas Industrial University, at Little Rock.

Rate of mortality in Arkansas, as computed from the United States census in 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,128,179	14,391	12.76	10,764	3,627	13.15	11.72

Total number of deaths from consumption during 1890 was 1,209, which was at the rate of 1.07 per 1,000 of population, or 84.01 per 1,000 of total deaths.

### MEDICAL LAWS OF ARKANSAS.

Section 4962. It shall be unlawful for any one to engage in the practice of medicine or surgery, or either, in this State, as a calling, except as hereinafter provided.

Sec. 4963. The party or parties so desiring to engage in the practice of medicine or surgery as above indicated shall be of good moral character, twenty-one years of age, and graduate of some reputable college of medicine and surgery that requires not less than two courses in a different year as the requirements for graduation.

Sec. 4964. Before anyone shall engage in the practice of medicine and surgery in this State, possessing the qualifications as above required, he shall exhibit his diploma to some county clerk of this State and shall have the same recorded in a book kept for that purpose, for which services the clerk shall receive a fee of one dollar and fifty cents. The clerk shall also give the physician a certificate of record with the seal of the county attached thereunto, which certificate may be attached to said diploma for which service the clerk shall receive no fee.

Sec. 4965. In all cases of doubt as to the reputableness of the college issuing the diploma it shall be the duty of the clerk of the county court, where said diploma is offered to be recorded, to make inquiry of the secretary of state where said college exists as to its reputableness and requirements for graduation, and if the said clerk of the court shall find that the said college does not conform to the requirements of this act for graduates of medicine and surgery then in that case he shall not record said diploma, and the person holding it shall not be allowed to practice medicine in this State; provided, any applicant who shall feel aggrieved at the action of the county clerk shall have the right to appeal to the State Board of Medical Examiners, whose decision shall govern the clerk in his action.

Sec. 4966. If, after recording any diploma it shall come to the knowledge of the clerk making the record, or any other executive or judicial officer of this State, that the said record was obtained by fraud or misrepresentation, it shall be their duty to institute before said court of record proceedings to have such record reversed and adjudged invalid, and the party holding such diploma shall be judged guilty of a misdemeanor.

Sec. 4967. Nothing in this act shall be construed as to effect the status of anyone now practicing in this State by virtue of a license obtained from any medical examining board of this State under pre-existing law regulating the practice of medicine and surgery; provided further, nothing herein contained shall be so construed as to prevent midwives from pursuing their calling or anyone else from giving such simple domestic remedies as they are in the habit of using.—Act April 14, 1893, Secs. 1-6.

Sec. 4968. The Governor shall appoint a State board of medical examiners, consisting of five members learned in the science of medicine and surgery and of good moral character and duly registered, who shall organize by taking the oath of office prescribed by the constitution, and electing one of their members president and another as secretary; and they shall hold their meetings at such times and places as the president may direct. The members of said State board shall hold their offices for a period of four years, and said board shall again be filled by appointment as aforesaid; and vacancies shall be filled by like appointment.—Act of March 9, 1881 as amended by act of April 14, 1893.

Sec. 4969. The State board of medical examiners is authorized to examine all persons having no diploma from a medical college who may apply and if found qualified to practice medicine and surgery issue a certificate, which shall entitle the holder thereof to practice in this State.—Act of April 14, 1893.

Sec. 4970. Such applicant shall pay the State board a fee of five dollars.—Act of March 9, 1881.

Sec. 4971. For the purpose of this act no discrimination of sex or schools of medicine shall be allowed, and any person who prescribes or administers medicines, except as provided in Section 4967, shall be deemed a physician.

Sec. 4972. Any one violating the provisions of this act shall be adjudged guilty of a misdemeanor and upon conviction shall be fined in a sum not less than twenty-five dollars nor more than one hundred dollars, and each day of such practice shall constitute a separate offense.—Act of April 14, 1893, Secs. 8 and 9—(A).

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

# SYRUPUS ROBORANS.

SYRUP HYPOPHOSPHITES  
COMP. WITH QUININE.  
STRYCHNINE AND MANGANESE.

1-128 grain Strychnine to teaspoonful.

The pharmaceutical skill displayed in making this favorite compound more stable and agreeable, deserves the approbation of the profession.

## Syrupus Roborans as a Tonic during Convalescence has no Equal.

As a nerve stimulant and restorative in wasting and debilitating diseases, as a constructive agent in Insomnia, Pneumonia, Tuberculosis, Bronchial Asthma, Marasmus, Strumous Diseases and General Debility, this compound has no superior. Owing to the solubility of the salts, additions can be made of Fowler's Solution, Syrup Iod. Iron, Iod. Potass, etc., giving the advantages of these remedies without interfering with the stability of the preparation. **SYRUPUS ROBORANS** is in perfect solution, and will keep in any climate.

DR. T. H. STUCKY writes: "In a case of Tertiary Syphilis, very anemic, the Iodides were revolting to the stomach, being vomited when taken. Syrupus Roborans given three weeks with improvement, when the Iodide Potassium was retained with good results."

DR. W. O. ROBERTS says: "In cases convalescing from 'La Grippe' Syrupus Roborans has no equal."

# PETER'S PEPTIC ESSENCE COMP.

A POWERFUL DIGESTIVE FLUID IN PALATABLE FORM.

Please note that Essence Comp. and Elixir Pepsin, contain only Pepsin, while in **Peter's Peptic Essence** we have all the digestive ferments. These are preserved in solution with C. P. Glycerine in a manner retaining their full therapeutic value, which is exerted in and beyond the stomach.

It is a Stomachic Tonic, and relieves Indigestion, Flatulency, and has the remarkable property of arresting vomiting during pregnancy. It is a remedy of great value in Gastralgia, Enteralgia, Cholera Infantum, and intestinal derangements, especially those of an inflammatory character. For nursing mothers and teething children it has no superior. Besides mere digestive properties, Pepsin and Pancreatine have powerful soothing and sedative effects, and are therefore indicated in all gastric and intestinal derangements, and especially in inflammatory conditions. It is perfectly miscible with any appropriate medium. In certain cases the addition of Tr. Nux Vomica gives much satisfaction. Please write for Peter's Peptic Essence Comp. and you will not be disappointed. These preparations are held strictly in the hands of the medical profession, never having been advertised as popular remedies, nor put up with wrappers and circulars expatiating on the use of the Hypophosphites or Digestives, thus educating the public in the use of these valuable compounds.

Samples Sent Upon Application.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on page 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

California, the second largest state in the union, extends from 32 degrees 34 minutes to 42 degrees N. latitude, and from 114 degrees 8 minutes to 124 degrees 24 minutes W. longitude, and is bounded on the north by Oregon, on the east by Nevada and Arizona, on the south by Mexico, and on the west by the Pacific Ocean. It comprises an area of 188,981 square miles, or 120,947,840 acres. It is naturally divided into four distinct regions: 1. The Coast Ranges; 2. The Sierra Nevada; 3. The Central Valley; 4. The Southwestern Region. California has but two large rivers, the Sacramento and San Joaquin, which traverse the Great Central Valley in opposite directions and empty into Suisun Bay, and the Klamath and Salinas and numerous smaller streams drain the state. The climate of California varies considerably in different portions, the mean annual temperature in the north being below 50 degrees F., while in the southeastern portion it exceeds 70 degrees F. The mean annual temperature at San Francisco for a period of eleven years was 55.23, and at Fort Yuma for a corresponding period, 74.77. In San Francisco rain falls freely during November and December, and the hottest months are September, October, August and July, in the order named.

The interior of the state, not being influenced by the sea, has a continental climate, and the greater the distance from the ocean the colder the nights and the warmer the days. The average annual rainfall increases from S. to N., and in the Sierra Nevada with the altitude; in Fort Yuma it is but 4 inches; in San Diego 9.16; in Sacramento 19.56; in San Francisco, 21.69; and in the Sierra, at an altitude of 5,000 feet, 45 inches and more.

The state has as valuable mineral springs as can be found anywhere, rivaling the famous spas of Europe. Dr. Winslow Anderson, in his work, "Mineral Springs and Health Resorts of California," says:

"In California we have over two hundred cold and hot mineral springs, ranging from the cool, delicious, effervescent soda and sparkling vichy to the ferruginous, saline, alkaline and sulphurous wells, ever ready and overflowing, to be utilized for the healing of the 'many ills to which the flesh is heir.'

“When our California springs become more generally known, and their similarity to the famous European spas is better understood, our invalids may not find it necessary to undertake the long, tedious, expensive, and in many instances hazardous journey, when they can find right here in California, at their very doors, as it were, almost the identical waters, with all the conveniences and luxurious accommodations found abroad, and with the additions of a variety of food products and a pure, dry and balmy atmosphere, and an invigorating and stimulating climate unequaled in any other country in the world.”

There are six medical colleges in the State—The Cooper Medical College, San Francisco; the Medical Department University of California, formerly Toland Medical College, San Francisco; the California Medical College, San Francisco; the Hahnemann (Homeopathic), San Francisco; the College of Medicine of the University of Southern California, Los Angeles, and the College of Physicians and Surgeons of San Francisco.

The following shows the increase of population for 40 years:

1850 .....	92,597	1880 .....	864,694
1860 .....	370,994	1890 .....	1,208,130
1870 .....	582,031		

Rate of mortality in California, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,208,130	17,713	14.65	16,422	1,281	14.77	13.28

Total number of deaths from consumption during 1890 was 2,889, which was at the rate of 2.39 per 1,000 population, or 163.19 per 1,000 of total deaths.

Besides the above-named teachers, the College has a full corps of Adjuncts, Lecturers, Demonstrators and Assistants in both departments. The College gives a four-years' graded course in Medicine and Surgery, also a three years' graded course in Dentistry. Students may attend both courses at the same time, leading to the degree of M. D. and D. D. S. A post-graduate course is arranged leading to the degree of Fellow of the College, and qualifying for positions on the teaching staff. Advanced standing may be attained on the usual requirements and payment of fees when examination is necessary.

The College is located on Howard Street, just above Fourth Street, and is in the center of the most populous district of San Francisco, where clinical material is abundant and is drawn from the poor alone. Medical, Surgical and Dental Clinics are held daily throughout the year. The Second Preliminary Course began October 4th, 1897, and ended December 18th, 1897. The second Regular Course began January 3rd, 1898, and ended July 2nd, 1898. The third Preliminary Course will begin on October 3rd, 1898, and will end on December 17th, 1898. The third Regular Course will begin on January 2nd, 1899, and will end on July 2nd, 1899.

Fees for each Regular Course of Lectures, Recitations and Clinics, \$75.00; for Examination for Advanced Standing, \$25.00; for Examination for Graduation, \$25.00.

## MEDICAL LAWS OF CALIFORNIA.

### AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF CALIFORNIA.

(Approved April 3, 1876.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Every person practicing medicine in any of its departments shall possess the qualifications required by this act. If a graduate in medicine, he shall present his diploma to one of the Boards of Examiners herein named, for verification as to its genuineness. If the diploma is found genuine, and if the person named therein be the person claiming and presenting the same, the Board of Examiners shall issue its certificate to that effect, signed by all the members thereof, and such diploma and certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said Board, and submit himself to such examinations as the said Board shall require; and if the examination be satisfactory to the examiners, the said Board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned. (Amended by Act of 1878.)

Sec. 2. Each State Medical Society incorporated and in active existence on the tenth of March, eighteen hundred and seventy-six, whose members are required to possess diplomas or licenses from some legally chartered medical institution in good standing, shall appoint annually a board of examiners consisting of seven members, who shall hold their office for one year, and until their successors shall be chosen. The examiners so appointed shall go before a county judge and make oath that they are regular graduates and licentiates, and that they will faithfully perform the duties of their office. Vacancies occurring in a board of examiners shall be filled by the society appointing it, by the selection of alternates or otherwise. (Amended by Act of 1878.)

Sec. 3. The boards of examiners shall organize within three months after the passage of this act. They shall procure a seal, and shall receive through their secretary applications for certificates and examinations. The president of each board shall have authority to administer oaths, and the board take testimony in all meetings relating to their duties. They shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing. They shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board. They shall furnish the county clerks of the several counties a list of all persons receiving certificates. In selecting places to hold their meetings, they shall, as far as is reasonable, accommodate applicants residing in different sections of the State, and due notice shall be published of all their meetings. Certificates shall be signed by all the members of the board granting them, and shall indicate the medical society to which the examining board is attached.

Sec. 4. Said boards of examiners shall examine diplomas as to their genuineness, and if the diplomas shall be found genuine as represented, the secretary of the board of examiners shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to the applicants; but if it is found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits, as provided in this act, by letter or by proxy, and the board of examiners shall issue its certificate the same as though the owner of the diploma was present. (Amended by Act of 1878.)

Sec. 5. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of California; but no examination into the qualifications of persons not holding diplomas or licenses shall be made after the thirty-first day of December, eighteen hundred and seventy-six. After that date no certificates shall be granted by them, except to persons presenting diplomas or licenses from legally chartered medical institutions in good standing.

Sec. 6. Every person holding a certificate from a board of examiners shall have it recorded in the office of the clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice shall procure an indorsement to that effect on the certificate of the county clerk, and shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay to the county clerk the usual fees for making the record.

Sec. 7. The county clerk shall keep, in a book provided for that purpose, a complete list of the certificates recorded by him, with the date of the issue and the name of the medical society represented by the board of examiners issuing them. If the certificate be based on a diploma or license, he shall record the name of the institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

Sec. 8. Candidates for examination shall pay a fee of five dollars, in advance, which shall be returned to them if a certificate be refused. The fees received by the board shall be paid into the treasury of the medical society by which the board shall have been appointed, and the expenses and compensation of the board shall be subject to arrangement with the society.

Sec. 9. Examinations may be in whole or in part in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

Sec. 10. The boards of examiners may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes. In all cases of refusal or revocation, the applicant may appeal to the body appointing the board. (Amended by Act of 1878.)

Sec. 11. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall profess publicly to be a physician and to prescribe for the sick, or who shall append to his name the letters "M. D." But nothing in this act shall be construed to prohibit students from prescribing under the supervision of preceptors or to prohibit gratuitous services in case of emergency. And this act shall not apply to commissioned surgeons of the United States army and navy practicing within the limits of this State. (Amended by Act of 1878.)

Sec. 12. Any itinerant vendor of any drug, nostrum, ointment or appliances of any kind, intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injury, or deformity, by any drug, nostrum, manipulation, or other expedient, shall pay a license of one hundred dollars a month, to be collected in the usual way. (Amended by Act of 1878.)

Sec. 13. Any person practicing medicine or surgery in this State without complying with the provisions of this act shall be punished by a fine of not less than fifty dollars (\$50), nor more than five hundred dollars (\$500), or by imprisonment in the county jail for a period of not less than thirty days nor more than three hundred and sixty-five days, or both such fine and imprisonment, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery.

Sec. 14. This act shall take effect from and after its passage, but the penalty shall not be enforced till on and after the thirty-first day of December, eighteen hundred and seventy-six.

An Act supplemental to and amendatory of an Act entitled "An Act to regulate the Practice of Medicine in the State of California."  
(Approved April 3, 1876; amended April 1, 1878.)

The People of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. Section one of an act entitled "An Act to regulate the Practice of Medicine in the State of California," approved April 3, 1876, is hereby amended so as to read as follows: Section One. Every person in this state practicing medicine or surgery in any of its departments shall possess the qualifications required by this act. Every such person shall present his diploma to one of the Boards of Examiners herein named, together with the affidavit mentioned in section three (3) of this act. If the Board shall find all the facts required to be stated in said affidavit to be true, the Board of Examiners shall issue its certificate to that effect, signed by all the members thereof, and sealed with the seal of the Board, and such certificate shall be conclusive as to the right of the person named therein to practice medicine and surgery in any part of this state.

Sec. 2. Section two of said act is hereby amended so as to read as follows: Section Two. The Medical Society of the State of California, the Eclectic Medical Society of the State of California and California Homeopathic Medical Society, corporations organized and existing under and by virtue of the laws of this state, and no other corporation, society, persons, or person, shall appoint annually a Board of Examiners consisting of seven

members, who shall hold their office for one year, and until their successors shall have been chosen and qualified. The Examiners so appointed shall go before a district or county judge and make oath that they are regular graduates, and that they will faithfully perform the duties of their office. Vacancies occurring in a Board of Examiners shall be filled by the society appointing it, by the selection of alternates or otherwise. The Boards of Examiners now organized, or existing under and by virtue of their appointments by the aforesaid societies, shall continue to act as such Boards until their successors are appointed at the next annual election.

Sec. 3. Section four (4) of said act is hereby amended so as to read as follows: Section Four. Said Board of Examiners shall examine diplomas as to their genuineness, and if the diploma shall be found genuine as represented, the secretary of the Board of Examiners shall receive a fee of five dollars from each graduate or licentiate, and no further charge shall be made to the applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the Board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The applicant shall accompany his diploma with an affidavit stating that he is the lawful possessor of the same; that he is the person therein named; that the diploma was procured in the regular course of medical instruction, and without fraud or misrepresentation of any kind; and that the medical institution granting the diploma had, at the time of granting the same, a full corps of medical instructors, and was at the said time, a legally incorporated institution, actually and in good faith engaged in the business of medical education, and in good standing as a medical institution, and that the applicant had complied with all the requirements of said institution. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. In addition to such affidavit, the Board of Examiners may hear such further testimony as in their discretion they may deem proper to hear as to the verification of any such diploma, or as to the identity of the person named therein, or as to the manner in which any such diploma was procured. And if it should appear from such testimony that any fact stated in said affidavit is untrue, the application of such person for a certificate shall be rejected. None of said Boards shall entertain an application which has been rejected by another of said Boards (nor shall any rejected application be renewed) until at least one year after the action of the Board rejecting the same.

Sec. 4. Section ten (10) of said act is hereby amended so as to read as follows: Section Ten. The boards of examiners must refuse certificates to individuals guilty of unprofessional conduct. But before any such refusal, the applicant must be cited, by a citation signed by the secretary of the Board, and sealed with its seal, to appear before the Board at a time and place certain, for the purpose of being heard as to such unprofessional conduct. Said citation shall notify the applicant of the time and place where and when the matter of said unprofessional conduct shall be heard; the particular unprofessional conduct with which the applicant is charged; and that the applicant shall then and there appear in person, and attended with such witnesses to testify on his behalf as he may desire, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the Board under its seal, and said secretary shall in no case refuse to issue any such subpoena on a fee of fifty cents being paid him for each subpoena. Said citations and said subpoenas shall be served in accordance with existing provisions of law as to the service of citations and subpoenas generally. At such hearing witnesses shall be examined, on the part of the Board, and on the part of the applicant, as to the fact of the applicant having been guilty of the conduct set out in the citation and either side may consult medical experts as to whether such conduct is unprofessional; and if it appears to the satisfaction of the Board that the applicant is guilty of said unprofessional conduct, no certificate shall be issued to him. But no application shall be refused on the ground of unprofessional conduct, unless the applicant has been guilty of unprofessional conduct within one year next preceding his application. If any holder of a certificate be guilty of unprofessional conduct, his certificate must be revoked by the Board granting it; but no such revocation shall be valid without said holder being cited to appear, and the same proceedings be had as is hereinbefore provided in this section in the case of refusal to grant a certificate. Whenever a certificate is revoked, the secretary of the board revoking the same shall certify the fact, under seal of the Board, to the county clerk of the county in which the person whose certificate has been revoked is, at the time of said revocation, practicing his profession, and said clerk shall thereupon write upon the margin or across the face of his register of the certificate of such person the fact of such revocation, signing his name thereto, and shall file in his office said certificate of revocation. Each of said Boards may, from time to time, adopt such rules

as may be necessary to the orderly conduct of all proceedings taken and had before it. It shall be the duty of the secretary of the respective Boards to notify the secretary of all other Boards provided for under this act of all applicants to whom licenses may have been refused, together with the reason of refusal by such Boards.

Sec. 5. Section eleven (11) of said act is hereby amended so as to read as follows: Section Eleven. Any person shall be regarded as practicing medicine within the meaning of this act, who shall profess publicly to be a physician, or who shall habitually prescribe for the sick, or who shall append to his name the letters "M. D.," but nothing herein contained shall be construed to prohibit gratuitous services in cases of emergency. And this act, and the act to which this act is supplemental and amendatory, shall not apply to lawfully commissioned surgeons of the United States army or navy practicing their profession within the limits of this State.

Sec. 6.\* Section twelve (12) of said act is hereby amended so as to read as follows: Section Twelve. Any itinerant vendor who shall sell or offer for sale any drug, nostrum, ointment, or appliance of any kind intended for the treatment of disease or injury; or any person who shall, by writing or printing, or by any other method publicly profess to cure or treat disease, injury or deformity by any medicine, drug or drugs, nostrum, manipulation, or other expedient, shall pay a license of one hundred dollars a month. Such license shall be collected as other licenses are.

Sec. 7. Any person practicing medicine or surgery in the State, without first having procured a certificate to so practice from one of the Boards of Examiners appointed by one of the societies mentioned in section two of this act, shall be deemed guilty of a misdemeanor, and shall be subject to the penalties provided in section thirteen of the act to which this act is amendatory and supplemental; but no person who holds a certificate from one of such Board of Examiners, or who holds a certificate heretofore granted by the Board of Examiners heretofore existing by virtue of appointment by the California State Medical Society of Homeopathic Practitioners, shall be compelled to procure a new certificate; and all powers and privileges of said Board of Examiners under the act of which this act is supplemental and amendatory are hereby transferred to the Boards of Examiners created by this act.

Sec. 8. Any person assuming to act as a member of a Board of Examiners under this act, or under the act to which this act is supplemental and amendatory, and who shall sign, or subscribe, or issue, or cause to be issued, or seal, or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this State, except the person so acting and doing be appointed by one of the societies mentioned in section two of this act, or be authorized so to do by a Board of Examiners, appointed by one of said societies, shall be deemed guilty of a misdemeanor, and shall be punished by a fine of not less than fifty dollars, or by imprisonment in the county jail for a period of not less than thirty nor more than three hundred and sixty-five days, or by both such fine and imprisonment.

Sec. 9. Should either of the said Boards issue a certificate to any person whose application for a certificate has been previously rejected by another of the said Boards, within one year after the rejection of said application, then in such case the certificate issued as aforesaid to said rejected applicant shall be null and void and of no effect.

Sec. 10. If any person, not a graduate or licentiate of medicine, has been unable to present himself for examination to any of said Boards, as provided in section one of this act, then, and in such case, it shall be lawful for either of said Boards, on good cause shown why said person was unable to so present himself for examination, to examine such person touching his qualifications to practice medicine or surgery, and if said examination shall be satisfactory to the Board, it shall thereupon issue its certificate in accordance with the facts, and the lawful holder thereof shall be entitled to all the rights and privileges of graduates or licentiates to whom certificates have been issued under this act and the act to which this act is amendatory and supplemental; but no such examination shall be had after the expiration of sixty (60) days from the time this act shall take effect.

Sec. 11. This act shall be in effect from and after its passage.

\*In 1883 this section (6) was held by the criminal courts of San Francisco to be invalid, by reason of being in conflict with the new constitution.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## COLORADO.

CAPITAL, DENVER.

Population of State, 412,198.  
(Census of 1890.)

Males .....	245,247	Native .....	328,208
Females .....	166,951	Foreign .....	83,990
White .....	404,468	Chinese .....	1,408
Colored .....	6,215	Indians .....	107

Number of Physicians 1,097.

Colorado extends from 37 degrees to 41½ degrees N. latitude and from 102 degrees to 109 degrees W. longitude, and is bounded on the north by Wyoming and Nebraska, on the east by Nebraska and Kansas, on the south by New Mexico and the Indian Territory, and on the west by Utah. It is the third largest State in the Union, ranking after Texas and California, and comprising an area of 104,500 square miles, or 66,-860.000 acres. The main range of the Rocky Mountains runs through the center of the State and forms the "Continental Divide." From one side the streams flow into the Gulf of Mexico, and from the other into the Pacific ocean.

The principal rivers are the South Platte and Arkansas, and these with their tributaries suffice to irrigate all the farm lands in the great agricultural counties of the State.

Rain falls from May to July, and the other months are dry.

The mean annual temperature is about 48 degrees.

The following table shows the increase in population for 30 years:

1860 .....	34,277	1880 .....	195,234
1870 .....	99,864	1890 .....	412,198

There are numerous mineral springs in the State, among them being the famous Manitou Mineral, Glenwood Springs, the Clark Magnetic Mineral Springs at Pueblo and Idaho Hot Springs.

There are four medical colleges in the State—the Medical Department of the University of Denver, in Denver; the Medical Department of the University of Colorado, in Boulder; the Gross Medical College, in Denver, and the Denver Homoeopathic Medical College, in Denver.

Rate of mortality in Colorado, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
412,198	5,453	13.23	5,367	86	13.27	11.13

Total number of deaths from consumption during 1890 was 489, which was at the rate of 1.18 per 1,000 of population, or 89.68 per 1,000 of total deaths.

For list of Medical Colleges, see page 118.

## MEDICAL LAWS OF COLORADO.

### AN ACT TO PROTECT THE PUBLIC HEALTH AND REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF COLORADO.

Be it enacted by the General Assembly of the State of Colorado:

Section 1. That a board is hereby established which shall be known under the name and style of the State Board of Medical Examiners, to be composed of nine practicing physicians of known ability and integrity, who are graduates of medical schools of undoubted respectability, giving each of the three schools of medicine (known as the regular, homeopathic and eclectic schools) a representation as follows, to wit: six physicians of the regular, two of the homeopathic, and one of the eclectic school or system of medicine.

Sec. 2. The Governor of this State, shall, as soon as practicable after this act shall have become a law, appoint a State Board of Medical Examiners, as provided in section one of this act, and the members first appointed shall be so designated by the Governor that the term of office of three shall expire in two years from the date of appointment, the term of office of three shall expire in four years from the date of appointment, and the term of office of three shall expire in six years from the date of appointment; thereafter, the Governor shall biennially appoint three members, possessing qualifications as specified in section one, to serve for the term of six years, and he shall also fill all vacancies that may occur, as soon as practicable: Provided, that in making biennial appointments, or filling vacancies, the representation of the medical schools in the board shall not be changed from the original basis, as in section one of this act.

Sec. 3. The board of medical examiners shall, as soon after their appointment as practicable, organize by the election of one of their members as president, one as secretary, and one as treasurer, and adopt such rules as are necessary for their guidance in the performance of duties assigned them, and also to adopt a seal, which shall be affixed to all certificates issued by them to practitioners of medicine.

Sec. 4. That every person practicing medicine in any of its departments, shall possess the qualifications required by this act. If a graduate in medicine, he shall present his diploma to the State Board of Medical Examiners for verification, or furnish other evidence conclusive of his being a graduate of a legally-chartered medical school in good standing; the State Board of Medical Examiners shall issue its certificate to that effect, signed by a majority of the members thereof, and such diploma or evidence shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate of a legally-chartered medical institution in good standing, the person practicing or wishing to practice medicine in this State, shall present himself before said board of medical examiners and submit himself to such examination as defined in section seven of this act, and if the examination be satisfactory to the examiners, the said board of medical examiners shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned. All persons who have made the practice of medicine and surgery their profession or business continuously for the period of ten (10) years, and can furnish satisfactory evidence thereof to the State Board of Medical Examiners, shall receive from said board a license to continue practice in the State of Colorado.

Sec. 5. The State Board of Medical Examiners, within ninety (90) days after the passage of this act, shall receive, through its president, applications for certificates and examinations. The president of said board of medical examiners shall have the authority to administer oaths, and the said board of medical examiners to take testimony in all matters relating to its duties. It shall issue certificates to all who furnish satisfactory proofs of having received diplomas from some legally chartered medical institution in good standing. It shall prepare two (2) forms of certificates—one for persons in possession of diplomas, the other for candidates examined by its members. It shall furnish to the county clerks of the several counties a list

of all persons receiving certificates. Certificates shall be signed by a majority of the members of the board of medical examiners granting them.

Sec. 6. There shall be paid to the treasurer of the State Board of Medical Examiners a fee of five dollars (\$5) for each certificate issued to graduates or practitioners of ten (10) years' standing, and no further charges shall be made to the applicant. Candidates for examination shall pay a fee of ten dollars (\$10) in advance.

Sec. 7. All examinations of persons not graduates shall be made directly by the State Board of Medical Examiners. Examinations may be in whole, or part, in writing, and the subjects of examination shall be as follows: anatomy, physiology, chemistry, pathology, surgery, obstetrics, and practice of medicine (exclusive of materia medica and therapeutics).

Sec. 8. Every person holding a certificate from the State Board of Medical Examiners shall have it recorded in the office of the clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice shall procure an indorsement to that effect on the certificate, from the county clerk, and shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay to the county clerk a fee of one dollar (\$1) for making the record.

Sec. 9. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him. If the certificate be based on a diploma, he shall record the name of the medical institution conferring it and the date when conferred. This register shall be open to public inspection in business hours.

Sec. 10. The State Board of Medical Examiners may refuse certificates to individuals who have been convicted of conduct of a criminal nature, and they may revoke certificates for like causes.

Sec. 11. Any person shall be regarded as practicing medicine within the meaning of this act who shall profess publicly to be a physician and prescriber for the sick, or shall attach to his name the title "M. D.," or "Surgeon," or "Doctor," in a medical sense. But nothing in this act shall be construed to prohibit gratuitous services in cases of emergency.

Sec. 12. Any person practicing medicine or surgery in any of their departments, in this State, without complying with the provisions of this act, shall be punished by a fine of not less than fifty dollars (\$50), nor more than three hundred dollars (\$300), or by imprisonment in the county jail for not less than ten (10) nor more than thirty (30) days, or by fine and imprisonment, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or who shall give false or forged evidence of any kind, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery.

Sec. 13. All fees received by the treasurer of said board of examiners, and all fines collected by any officer of the law, under this act, shall be paid into the State treasury; and all necessary expenses of the board shall be paid for out of the funds of the State treasury not otherwise appropriated; but no fees shall be required or accepted by any member of the board for services.

Sec. 14. The State Board of Medical Examiners shall meet as a board of medical examiners in the city of Denver, on the first Tuesdays of January, July and October of each year, and at such other times and places as may be found necessary for the performance of their duties.

Approved March 14, 1881.

Sec. 15. (Amendatory.) No person shall be deemed to have violated the provisions of this act, or the act of which it is amendatory, who has complied with provisions on their part; and it shall be the duty of the State Board of Medical Examiners to issue certificates to all persons, authorizing them to practice medicine in this State, who shall have complied with the provisions of this act, and the act of which it is amendatory, including graduates of the electropathic school, without prejudice, partiality, or discrimination as to schools or systems of practice or medicine. That only courts of record in the State of Colorado shall have jurisdiction over and power to enforce the provisions of this act.

The climate is marked by great extremes and sudden changes; the winters are cold, the summers very warm. The district bordering on the sea is the hottest, and the northwestern portion the coldest. The mean annual temperature, as observed at the capital, is about 50 degrees, and the rainfall varies from 41 to 47 inches, according to the place of observation.

The following table shows the increase in the population for ninety years:

1800 .....	251,002	1850 .....	370,792
1810 .....	261,942	1860 .....	460,187
1820 .....	275,148	1870 .....	537,454
1830 .....	297,675	1880 .....	662,700
1840 .....	309,978	1890 .....	746,258

The medical department of Yale University is the only medical institution in the state; it is located in New Haven.

Rate of mortality in Connecticut, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
746,258	14,470	19.52	14,161	309	19.31	24.10

The number of deaths from consumption during 1890 was 1,743, which was at the rate of 2.34 per 1,000 of population, or 120.46 per 1,000 of total deaths.

For list of Medical Colleges, see page 118.

## MEDICAL LAWS OF CONNECTICUT.

### AN ACT CONCERNING THE PRACTICE OF MEDICINE, SURGERY AND MIDWIFERY.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. No person after the first day of October, 1893, shall, in this State, for compensation, gain or reward, received or expected, treat, operate, or prescribe for any injury, deformity, ailment, or disease, actual or imaginary, of another person, nor practice surgery or midwifery, unless or until he has obtained a certificate of registration as hereinafter provided, and then only in the kind or branch of practice as stated in said certificate; but this act shall not apply to dentists while practicing dentistry only; nor to any person in the employ of the United States government while acting in the scope of his employment; nor to any person who shall furnish medical or surgical assistance in cases of sudden emergency; nor to any person residing out of this State who shall be employed to come into the State to assist or consult with any physician or surgeon who has been registered in conformity with the provisions of this act; nor to any physician or surgeon then actually residing out of this State who shall be employed to come into this State to treat, operate or prescribe for any injury, deformity, ailment or disease from which any person is suffering at the time when such non-resident physician or surgeon is so employed, nor to any actual resident of this State recommending by advertisement or otherwise the use of proprietary remedies sold under trade-marks issued by the United States government, nor to any chiroprapist or clairvoyant who does not use in his practice any drugs, medicines or poison, not to any person practicing the massage method, or Swedish movement cure, sun cure, mind cure, magnetic healing, or Christian science, nor to any other person who does not use or prescribe in his treatment of mankind, drugs, poisons, medicine, chemicals, or nostrums.

Sec. 2. Any resident of this State who at the time of the passage of this act shall be, or previously thereto has been actually engaged in this State in the practice of medicine, surgery, midwifery, or any alleged practice of healing, may, before the first day of October, 1893, file with the State Board of Health duplicate statements subscribed and sworn to by him upon blanks furnished by said board, giving his name, age, and place of birth, and present residence, stating whether he is a graduate of any medical college or not, and if so, of what college, and the date of such graduation,

and, if practicing under a license from any of the medical societies of this State, stating which society and the date when said license was obtained, and also stating the length of time during which said person has been engaged in practice in this State and how long in practice elsewhere; and he shall also state whether he has been engaged in general practice, or only in some special branch of medicine or surgery, and if so, what branch. Upon the receipt of such statement as aforesaid, the State Board of Health shall issue upon the receipt of two dollars, to the person filing the same, a certificate of registration which shall state the kind or branch of practice in which the person named therein is engaged.

Sec. 3. Any person who shall, subsequent to said first day of October, 1893, file with said State Board of Health duplicate statements in the form prescribed in the preceding section, showing that he is a graduate of a medical college which is recognized as reputable by any one of the chartered medical societies of the State, shall receive from said State Board of Health, upon the payment of two dollars, a certificate of registration, which shall state the kind or branch of practice in which the person named therein is engaged or is to be engaged.

Sec. 4. Any person residing in any town in another State which town adjoins the boundary line of Connecticut, who at the time of the passage of this act shall be actually engaged in such town in the practice of medicine, surgery, or midwifery, or any branch of practice, may, before the first day of October, 1893, obtain from the State Board of Health of this State a like certificate of registration, upon the payment of two dollars and upon filing duplicate statements in the form prescribed in section two, which statements shall also show that he is entitled to receive such certificate under the provisions of this section.

Sec. 5. Except as provided in sections two, three, and four, of this act, no person shall, after the first day of October, 1893, obtain or receive a certificate of registration, as required by the provisions of section one, until he has passed a satisfactory examination before a committee to be appointed for the purpose by the State Board of Health, as hereinafter provided, nor until he has filed with said Board of Health duplicate certificates as aforesaid, together with duplicate certificates signed by a majority of one of said examining committees, stating that they have found him qualified to practice either medicine, surgery, or midwifery, and any person filing said certificates shall receive from said State Board of Health, upon the payment of two dollars, a certificate of registration which shall state that the person named has been found qualified so to practice.

Sec. 6. During the month of December, 1893, The Connecticut Medical Society, The Connecticut Homeopathic Medical Society, and The Connecticut Eclectic Medical Association, shall each file with the State Board of Health the names of five physicians, and annually in the month of December thereafter, the name of one physician practicing in this State, who shall have been recommended by the respective medical societies as persons competent to serve upon the examining committees to be appointed by the State Board of Health as hereinafter provided, and from time to time, in case any vacancy occurs upon any of said examining committees the president of the respective society shall nominate and the State Board of Health shall appoint such person to fill said vacancy.

Sec. 7. In the month of January, 1894, the State Board of Health shall appoint three examining committees, each consisting of five physicians, which committee shall severally be composed wholly of the persons nominated by one of the said medical societies respectively, as aforesaid. One of the members of each of said committees shall be appointed for one year, one for two years, one for three years, one for four years, and one for five years. Thereafter, in the month of January in each year, the State Board of Health shall appoint one member of each of said committees, who shall have been nominated for such office as aforesaid, to serve five years; and said board shall in the same manner fill any vacancy occurring at any time in any of said committees.

Sec. 8. The State Board of Health shall designate when and where said committees shall hold said examinations, but shall call a meeting of a committee within thirty days after receipt of application for examination by it. Applicants to practice medicine or surgery shall be examined in anatomy, physiology, medical chemistry, obstetrics, hygiene, surgery, pathology, diagnosis, and therapeutics, including practice and materia medica. Each committee shall frame its own questions and conduct its examinations in writing, and both questions and answers shall be placed on file with the State Board of Health. Each applicant shall have the right to choose which of the three committees shall be the one by whom he shall be examined; but before taking such examination he shall pay to the committee their expenses, not exceeding, however, the sum of ten dollars. An applicant, after having been rejected by any of said examining committees, shall not be eligible to examination by another committee of examination until after the expiration of twelve months.

Sec. 9. Upon the receipt of any duplicate statements as hereinbefore pro-

vided, the State Board of Health shall transmit one of said duplicate statements, together with a duplicate of the certificate of registration in each case, to the town clerk of the town wherein the person so filing said statement resides; and in case such person does not reside in the State of Connecticut, then the State Board of Health shall transmit said statement and certificate to the town clerk of the town in this State nearest to the place of residence of such person; and said town clerks shall record the same in books to be provided for that purpose by the State Board of Health, and shall then return the same to the person who filed the same with the Board of Health; and said town clerk shall receive for such recording a fee of twenty-five cents, to be paid by the State Board of Health out of the amount so paid to it as aforesaid.

Sec. 10. The secretary of each of said medical societies shall file with the secretary of the State Board of Health a list of medical colleges or institutions recognized as legal and reputable by his society; or all of such secretaries may agree upon a single list; and such list or lists may be corrected from time to time as may be necessary.

Sec. 11. Every person violating any of the provisions of section one of this act shall be deemed guilty of a misdemeanor, and on conviction shall be punished by a fine of not less than one hundred nor more than three hundred dollars for the first offense, and for each subsequent offense by a fine of not less than two hundred nor more than five hundred dollars, or by imprisonment in the county jail for not less than thirty nor more than ninety days, or by both such fine and imprisonment; the fine, when collected, shall be paid one-half to the person or corporation making the complaint, and the other half to the State Board of Health.

Sec. 12. Any person who shall swear to any false statement contained in any statement required by this act to be filed with the State Board of Health, shall be deemed guilty of perjury and be punished accordingly.

Sec. 13. The State Board of Health may, from time to time, appoint one of its number, or a person not a member of its board, to discharge the clerical duties imposed by this act upon said board, and may fix a salary therefor, to be paid only out of the fees and penalties received under the provisions of this act.

Sec. 14. Sections 3006, 3007 and 3008 of the general statutes are hereby repealed, but nothing herein shall be construed to repeal or affect any of the provisions of any private charter.

Sec. 15. The provisions of this bill shall not apply to licensed pharmacists.

Sec. 16. All physicians or surgeons practicing under the provisions of this act shall, when requested, write a duplicate of their prescriptions in the English language. Any person who shall violate the requirements of this section shall pay a fine of not less than ten dollars for each and every offense.

Approved, May 25, 1893.

## AN ACT CONCERNING THE PRACTICE OF MEDICINE, SURGERY AND MIDWIFERY.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

No person, after the passage of this act, shall obtain or receive a certificate of registration, as required by the provisions of Chapter CLVIII., of the public acts of 1893, until he has passed a satisfactory examination before one of the examining committees, appointed for the purpose under the provisions of the said act, nor until he has complied with the other provisions of said act.

Approved, May 25th, 1897.

# WALNUT LODGE HOSPITAL,

## HARTFORD. CONN.

Organized in 1880 as a Private Hospital for the Special Cure and Treatment of Alcohol and Opium Inebriates. This Institution is based on the modern view that **Inebriety is a Disease, and Curable**, and that the best results are obtained in the treatment of these cases in small hospitals, where each case can receive the individual care of the physician.

This Institution is finely situated on the outskirts of the city, and the rooms are all large, heated with steam, and lighted with gas, and arranged for comfort, so that each one can have all the advantages of a large asylum with the quiet and privacy of a home. The treatment comprises the use of every means which science and experience have found to be of value in building up the brain and nervous system, and includes

**Turkish, Vapor, Roman, Electrical and Saline Baths,  
MASSAGE, ELECTRICITY,**

and other remedies. Experience shows that a large proportion of cases who come for treatment, and earnestly use all the means provided, are permanently restored. Each case is treated individually, and the special care and restraint is adapted to the needs of each one. Only a limited number of cases are received, and every patient is under the direct, personal care of an attendant and the physician.

Applications for admission, and all letters of inquiry, should be addressed

# DR. GIVENS' SANITARIUM,

"STAMFORD HALL."

**At Stamford, Conn., is a beautiful, quiet Country Cottage Home for the  
 treatment of Nervous and Mental Diseases; Opium  
 and Alcoholic Habitués.**

**LOCATION IS HEALTHFUL, Overlooking Long Island Sound.**

Massage, Electricity, Baths, and Experienced Nurses are utilized.

After eleven years' experience in this special work, part of the time being connected with two dif-  
 ferent State Hospitals for Insane, physicians may refer patients to Dr. Givens' Sanitarium with the  
 assurance that they will be surrounded by home comforts and receive the special attention desired.

Address,

**AMOS J. GIVENS, M. D.,**  
**Stamford, Conn.**

TELEPHONE No. 70.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## MEDICAL LAWS OF DELAWARE.

### AN ACT REGULATING THE PRACTICE OF MEDICINE AND SURGERY IN THIS STATE.

Whereas, the safety of the public may be endangered by incompetent physicians and surgeons, and due regard for public health and the preservation of human life demands that none but competent and properly qualified physicians and surgeons shall be allowed to practice their profession, therefore,

Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met:

Section 1. That there shall be established a Medical Council of Delaware, consisting of the Chief Justice of the State, and of the presidents of the two State boards of medical examiners, provided for in this act:

Sec. 2. The said council shall be known by the name and style of the "Medical Council of Delaware," and may make and adopt all necessary rules, regulations and by-laws for their own government, not inconsistent with the laws of this State or of the United States, and shall have power to locate and maintain an office within this State for the transaction of business. Two members of said council shall constitute a quorum for the transaction of business.

Sec. 3. The said council shall organize within ten days from the date of the organization of the two boards of medical examiners, and shall elect from its own number a president and a secretary, who shall also act as treasurer, both of whom shall hold their offices for one year, or until their successors are chosen.

Sec. 4. The members of said council shall receive, in addition to their necessary expenses, five dollars per day each for each meeting of the council, but said per diem shall not exceed in any one year more than fifteen dollars, the same to be paid out of the fees hereinafter provided for.

Sec. 5. The said Medical Council shall hold two stated meetings in each year, and may hold special meetings at such times as it may deem proper.

# PENNOYER SANITARIUM

KENOSHA, WIS.

New, Modern Buildings. An Ideal Rest Place. City advantages with Country Life. Send for Illustrated prospectus.

It shall issue certificates for license to practice medicine and surgery, to such applicants as have presented such diplomas as hereinafter required and successfully passed the examination hereinafter provided, and the said Medical Council shall have no powers, duties or functions except as provided for in this act.

Sec. 6. That from and after the passage of this act, there shall be, and continue to be, two separate boards of medical examiners for the State of Delaware, one representing "The President and Fellows of the Medical Society of Delaware," and the other "The Homeopathic Medical Society of Delaware and Peninsula."

Each board shall consist of five members, and each of said members shall serve for a term of two years, from the first day of March next after appointment, with the exception of those first appointed, who shall serve as follows, namely: Two of each board for one year, and three of each board for two years, from the first day of March, A. D. 1895.

The Governor shall appoint the members of said boards of examiners respectively, from the lists of members submitted by said medical societies residing in this State, which lists shall within ten days from the passage of this act, and on or before the first day of every January thereafter, be transmitted to the Governor under the seal, and signed by the secretary of the society so nominating.

From these lists of nominees respectively, the Governor shall, within ten days after the receipt thereof, appoint two separate boards of medical examiners, each board to be composed exclusively of members of the same medical society. In case of the failure of either of the said societies to submit lists as aforesaid, the Governor shall appoint members in good standing of the corresponding society, entitled to nominate without other restrictions.

Each one of the said appointees must be a registered physician in good standing, and shall have practiced medicine or surgery under the laws of this State for a period of not less than five years prior to such appointment.

The Governor shall fill vacancies by death or otherwise for unexpired terms of said examiners, from the lists submitted as aforesaid, and may remove any member of either of said boards for continued neglect of the duties required by this act, or on recommendation of the medical society of which said member may be in affiliation, for unprofessional or dishonorable conduct.

The Governor shall in his first appointments designate the number of years for which each appointee shall serve.

The appointments of successors to those members whose term of office will expire on the first day of March of each year, shall be made by the Governor during the first ten days of January of such year, upon the same conditions and requirements as hereinbefore specified with reference to the appointment of two separate examining boards, each to be composed exclusively of members of the same medical society as hereinbefore provided.

Sec. 7. Said boards shall be known by the name and style of "Boards of Medical Examiners of the State of Delaware." Every person who shall be appointed to serve on either of said boards shall receive a certificate of appointment from the Secretary of State under his hand. Each of said boards of examiners shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this State or of the United States, whereby to perform the duties and transact the business required under the provisions of this act.

Sec. 8. From the fees provided by this act the Medical Council shall pay, not to exceed said income, all proper expenses incurred by its provisions, and if any surplus above said expenses shall remain at the end of any year, it shall be apportioned among said medical societies pro rata according to the number of candidates examined by each.

Sec. 9. The first meeting of each of the examining boards respectively shall be held on the first Tuesday of July, 1895. At such meeting of each of the boards respectively an organization shall be effected by the election from their own membership of a president and secretary for the purpose of examining applicants for certificates for license. Each of said boards of medical examiners shall hold two or more stated or special meetings in each year; due notice of which shall be made public at such times and places as they may determine. At said stated or special meetings a majority of the members of either board shall constitute a quorum thereof, but the examinations may be conducted by a committee duly authorized by said boards.

Sec. 10. Each board of medical examiners not less than one week prior to each examination shall submit to the Medical Council of Delaware questions for thorough examinations in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and materia medica.

The Medical Council shall select the questions for such examinations from the lists of questions submitted by the board of medical examiners of

the candidate's election; and should there be candidates for examination of any other school than the two designated in this act, they shall be examined by the council and some reputable practitioner in this State of such school by said council to be selected, upon questions selected from standard text books, on the above subjects, as taught by the school selected by the candidate.

Sec. 11. Said examination shall be conducted in writing in accordance with the rules and regulations prescribed by the respective boards of medical examiners, and shall embrace the subjects named in section 10 of this act. After each examination the board of medical examiners having charge thereof shall, without unnecessary delay, act on the same. An official report of such action, signed by the president, secretary and each acting member of said board of medical examiners, stating the result of examination, shall be transmitted to the Medical Council.

Sec. 12. On receiving from either of said boards of medical examiners such official report of the examination of any applicant for certificate for license, the Medical Council shall issue forthwith to each applicant who shall have been returned as having successfully passed the examination, a certificate to that effect.

The Medical Council shall keep a record of all certificates, when and to whom issued.

Sec. 13. From and after the passage of this act, any person not heretofore authorized to practice medicine and surgery in this State, and desiring to enter upon such practice, shall deliver to the secretary of the Medical Council, upon the payment of a fee of ten (\$10) dollars, a written application for examination, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has received a diploma conferring the degree of Medicine from some legally incorporated medical college. Applicants who have received their degree in Medicine after the passage of this act, must have pursued the study of medicine for at least four years, including three regular courses of lectures in different years, in some legally incorporated medical college or colleges prior to the granting of said diploma. Such proof, if required, shall be made upon affidavit. Upon making of said payment and proof, the Medical Council shall issue to said applicant an order for examination before such one of the State boards of medical exam-

iners as the applicant for certificate may select. In case of failure at any such examination, the candidate, after the expiration of six months and within two years, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee, but if after six months and before two years from such examination said application shall be withdrawn, the said (\$10) shall upon demand be returned.

Sec. 14. That from and after the passage of this act it shall not be lawful for any person to practice medicine or surgery in this State without having obtained a license therefor as hereinafter provided.

Sec. 15. The Clerk of the Peace of any of the counties of this State shall issue a license, signed by the Governor and countersigned by the Secretary of State and sealed with the seal of his office, certifying that such person is authorized to practice medicine and surgery in this State, conformably to the laws thereof, to any person who shall present to him a certificate as provided in this act, or who shall have been qualified in one of the counties of this State prior to the passage of this act, and to no other person.

Sec. 16. The provisions of this act shall not apply to physicians who are practitioners of any other State coming into this State in consultation with any lawful practitioner of medicine and surgery in this State.

Sec. 17. Any person practicing or attempting to practice medicine or surgery within this State contrary to the provisions of this act shall be guilty of a misdemeanor and upon conviction thereof in the Court of General Sessions of the Peace and Jail Delivery of the county wherein the offense was committed, shall pay a fine of not more than five hundred (\$500) nor less than one hundred (\$100) dollars, or be imprisoned for a term of not more than one year.

Sec. 18. That this act shall not in any way apply to dentists or to dental surgery.

Sec. 19. All other acts or parts of acts regulating the practice of medicine and surgery in this State are hereby repealed; but nothing herein contained shall in any way interfere with the operation of chapter 117, volume 13, laws of Delaware, relating to revenue.

Passed at Dover, April 18th, 1895.

## DISTRICT OF COLUMBIA.

Population of District, 230,392.

(Census of 1890.)

Males .....	109,584	Native .....	211,622
Females .....	120,808	Foreign .....	18,770
White .....	154,695	Chinese .....	100
Colored .....	75,572	Indians .....	25

Number of physicians, 1,139.

The District comprises an area of 64 square miles, or 40,960 acres, and is bounded on the south by the Potomac river, the balance being enclosed by the State of Maryland. The climate is genial, the mean annual temperature being 56.16 degrees, and the average annual rainfall 37.62 inches.

The following table shows increase in population during 50 years:

1840 .....	43,712	1870 .....	131,700
1850 .....	51,687	1880 .....	177,624
1860 .....	75,080	1890 .....	230,392

The medical institutions in the District are the National Medical College (Medical Department Columbian University), Medical Department of the University of Georgetown, Medical Department of Howard University, and Medical Department of National University—all located in the city of Washington.

Rate of mortality in the District of Columbia, as computed from U. S .Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
230,392	5,955	25.85	3,062	2,893	19.66	38.22

The number of deaths from consumption during 1890 was 827, which was at the rate of 3.59 per 1,000 of population, or 138.87 per 1,000 of total deaths.

For list of Medical Colleges, see page 118.

# School of Medicine,

## GEORGETOWN UNIVERSITY.

The course of instruction is graded and attendance upon four annual sessions of seven months each is required.

The demands of modern medical education are such, that it has been found necessary to extend the hours of instruction so as to devote more time to practical work in the laboratories and the hospitals. The student will consequently have to devote his entire time to the study of medicine. Instruction is given by lectures, recitations, practical demonstrations and clinical teaching. In the subjects of Anatomy, Chemistry, Physiology, Hygiene, Histology, Pathology and Bacteriology special laboratory instruction is given. The laboratories are ample, well appointed and fully equipped with the most approved modern apparatus. Excellent and abundant clinical facilities are furnished by the various hospitals and dispensaries.

The government museums and libraries, which have been opened to students by an act of Congress, greatly enhance the educational advantages of Washington.

For annual announcement and further particulars, address the Dean,

## MEDICAL LAWS OF THE DISTRICT OF COLUMBIA.

### AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, TO LICENSE PHYSICIANS AND SURGEONS, AND TO PUNISH PERSONS VIOLATING THE PROVISIONS THEREOF IN THE DISTRICT OF COLUMBIA.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there shall be, and is hereby, created a board of medical supervisors of the District of Columbia, which shall consist of the presidents of the three boards of medical examiners hereinafter provided for and two persons, not physicians, one of whom shall be learned in the law, to be appointed by the Commissioners of the District of Columbia, each for a period of three years, or until his successor is appointed: Provided, That not more than two members of the board of supervisors shall be adherents of any one system of medical practice: And provided further, That said Commissioners may remove, after due notice and hearing, any member of said board for neglect of duty or other just cause, and that in case of the death, resignation, or removal of any member the vacancy for the unexpired term of said member shall be filled in the same manner as other appointments are made.

Sec. 2. That the said board of medical supervisors shall elect a president, a vice-president, and a secretary. Said board shall make, subject to the approval of the Commissioners of the District of Columbia, such regulations as may be necessary to carry into effect the provisions of this act. Said board shall hold such meetings as may be necessary for the transaction of business. Said board shall supervise all examinations provided for in this act, and shall issue all licenses to practice medicine and surgery or midwifery in the District of Columbia. Said board shall keep an official record of its meetings, also an official register of all applicants for examination for licenses to practice medicine and surgery in the District of Columbia. Said register shall show the name, age, place and duration of residence of each candidate, the time he or she has spent in medical study, in or out of medical schools, and the names and locations of all medical schools which have granted said applicant any degree or certificate of attendance upon lectures in medicine. Said register shall also show whether said applicant was rejected or licensed under this act. Said register shall be prima facie evidence of all matters contained therein. The secretary aforesaid may be elected by said board from others than its own members; said secretary shall also act as treasurer, and shall give such bond as may be required by the Commissioners of the District of Columbia; said secretary shall have the power to administer oaths upon such matters as pertain to the business of said board; said secretary shall mail to the address of each applicant a notice of the time and place of examination, not less than seven days before the examination, and at a longer period if requested by the applicant at the time of making application.

Sec. 3. That from and after the passage of this act, all persons desiring to practice medicine and surgery in any of their branches in the District of Columbia shall apply to said board of medical supervisors for a license to do so. Applicants shall submit to examination upon the following named branches, to wit: Anatomy, physiology, chemistry, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics and gynecology, diseases of the eye and the ear, medical jurisprudence, and such other branches as said board shall deem advisable. Each applicant shall be certified by said board for examination as speedily as possible to the board of medical examiners whose members are adherents to the system of medicine which said applicant desires to practice; but said board shall not certify for examination any applicant until satisfactory proof is furnished that he or she is of good moral character and over twenty-one years of age, nor until he or she has presented a diploma conferring upon him or her the degree of doctor of medicine, issued by some medical college authorized by law to confer such degree: Provided, That said diploma, if issued prior to July first, eighteen hundred and ninety-eight, shall be accompanied by satisfactory evidence that said applicant has studied medicine and surgery for not less than three years prior to the issue thereof, and if issued subsequent to June thirtieth, eighteen hundred and ninety-eight, shall be accompanied by satisfactory evidence that the applicant has studied medicine and surgery for not less than four years prior to the issue of said diploma. All examinations shall be both theoretical and practical and of sufficient severity to test a candidate's fitness to practice medicine and surgery.

Sec. 4. That said application for a license to practice medicine and surgery in the District of Columbia shall be made to the secretary of said board of medical supervisors upon a form prescribed by said board, and shall be accompanied by a fee of ten dollars. Each application shall be in the hands of said secretary not less than two weeks before the day set for examination, and any application may be rejected for refusal to furnish any of the information called for, or for other irregularity. All applications shall be kept on file by said secretary.

Sec. 5. That immediately after the passage of this act the Commissioners of the District of Columbia shall appoint three boards of medical examiners, one to be known as the board of medical examiners of the District of Columbia, and to be composed of five physicians in good standing, adherents to the regular system of medical practice; one to be known as the board of homeopathic medical examiners of the District of Columbia, and to be composed of five physicians in good standing, adherents to the homeopathic system of medical practice, to be selected from a list of not less than ten names, submitted by a majority vote at some regular meeting of the Washington Homeopathic Medical Society, and one to be known as the board of eclectic medical examiners of the District of Columbia, to be composed of five physicians in good standing, adherents to the eclectic system of medical practice, to be selected from a list of not less than ten names, submitted by a majority vote at some regular meeting of the Eclectic Medical Society of the District of Columbia. Of the members of each board first appointed, one shall be appointed to serve one year, two to serve two years, and two to serve three years, and thereafter each member of each board shall be appointed to serve three years, or until his successor is appointed: Provided, That no member of either of said boards shall have been engaged in the practice of medicine and surgery in the District of Columbia for less than five years at the time of his appointment: And provided further, That in event of the failure of the Washington Homeopathic Medical Society or of the Eclectic Medical Society of the District of Columbia, after fifteen days' notice by the Commissioners of the District of Columbia, to submit the list of names aforesaid, said Commissioners may appoint the members of the board of homeopathic medical examiners or of the board of eclectic medical examiners without restriction as to nomination by the society in default: And provided further, That said Commissioners may at any time remove any member of either of the boards named in this act for neglect of duty or other just cause, and that in case of the death, resignation, or removal of any member the vacancy for the unexpired term of said member shall be filled in the same manner as other appointments are made.

Sec. 6. That each member of said boards of medical examiners of the District of Columbia shall, before entering upon the discharge of his duties, take an oath to administer fairly and impartially the provisions of this act. Each board shall elect from its own members a president and secretary. Each board shall hold a meeting for examination in the city of Washington on the second Thursday in January, April, July, and October of each year, and continuing so long as may be necessary to examine all applicants, and other meetings shall be held at such times as the board of medical supervisors shall direct. Each of said boards shall examine, at the meeting immediately following the receipt of the proper certificates from the board of medical supervisors, all applicants for licenses to practice medicine and surgery in the District of Columbia so certified.

Sec. 7. That the several boards of medical examiners shall, not less than one week prior to each examination, submit to the board of medical supervisors of the District of Columbia questions for thorough examinations in anatomy, physiology, chemistry, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics and gynecology, diseases of the eye and ear, medical jurisprudence, and such other branches as said board of medical supervisors may direct. From the lists of questions so submitted said board of medical supervisors shall select the questions for each examination, and such questions shall be the same for all candidates, except that in the departments of therapeutics, practice of medicine, and materia medica the questions shall be in harmony with the system of medicine selected by the candidate. Said examinations shall be conducted orally and in writing, in accordance with the rules and regulations prescribed by the board of medical supervisors, and shall embrace the subjects as stated in section three of this act. An official report of the result of each examination, signed by the president and the secretary and each acting member of the board of medical examiners conducting such examination, stating the average attained by each candidate in each branch, the general average, and the result of the examination, whether successful or unsuccessful, shall be transmitted to the board of medical supervisors within fifteen days from the date of such examination. Said report shall embrace all the examination papers, questions, and answers thereto. All such examination papers shall be kept for reference and inspection for a period of not less than five years.

 Having used it for piles and also as a disinfectant, I can cheerfully say it does its work."  
*The Electrozone Commercial Co., Philadelphia and New York.*

Sec. 8. That if in the opinion of a majority of the board of medical supervisors, after a careful examination of the report of the board of medical examiners by which any applicant was examined, said applicant has fairly and successfully passed such examination as hereinbefore provided for, the board of medical supervisors of the District of Columbia shall, as soon thereafter as possible, issue to him a license signed by the president and the secretary of said board and attested by the seal of the District of Columbia, which license shall entitle said applicant, after it is registered as hereinafter provided, to practice medicine and surgery in the District of Columbia: Provided, That a license shall be issued upon application, free of cost and without examination, to each physician who is registered at the health office of the District of Columbia at the time of the passage of this act, and to physicians who may change their residence to the District of Columbia from any State or Territory where medical laws and medical examining boards exist, the presentation of a certificate or license from a medical examining board, if found upon due inquiry to be true and genuine, being sufficient evidence of right to registration and certification under the provisions of this act: Provided, That the medical laws and examining boards of such States and Territories grant equal rights and recognition to the licentiates of the board herein created. All licenses issued by said board shall be numbered consecutively, and a register shall be kept by the secretary showing the number of each license, the date of issue, and to whom issued.

Sec. 9. That that the board of medical supervisors of the District of Columbia shall make, subject to the approval of the Commissioners of said District, such regulations as may be necessary to determine the qualifications of women desiring hereafter to commence the practice of midwifery in the District of Columbia, and shall issue licenses to such as are, after examination, found qualified, but no fee shall be charged for the examination of any applicant for such licenses, and no applicant who has been rejected shall be re-examined within one year from such rejection: Provided, That a license shall be issued upon application, free of cost and without examination, to each midwife registered at the health office of the District of Columbia at the time of the passage of this act.

Sec. 10. That the board of medical supervisors of the District of Columbia may, by a vote of four members, refuse to grant or may revoke a license, and may cause the name of any person to be removed from the record of the supreme court of the District of Columbia and from the register of the health office for any of the following causes, to wit: The employment of fraud or deception in passing the examinations provided for in this act, chronic inebriety, the practice of criminal abortion, conviction of crime involving moral turpitude, or of unprofessional or dishonorable conduct. In complaints under this section the accused shall be furnished with a copy of the complaint and given a hearing before said board in person or by attorney, and witnesses may be heard for and on behalf of the accused, and for and on behalf of the said board. Appeal from the decision of said board may be taken to the court of appeals of the District of Columbia, and the decision of said court shall be final. Said board may at any time within two years from the refusal or revocation of a license, or the cancellation of registration under this section, by a vote of four members, issue, without examination, a new license to the person so affected, restoring to him or her all the rights and privileges of which he or she had been deprived by said board.

Sec. 11. That any person receiving a license as hereinbefore provided shall have it recorded in the office of the clerk of the supreme court of the District of Columbia within three months from the date of said license, and the place and date of record shall be certified thereon by said clerk; and the holder of the license shall pay to the clerk of said court a fee of fifty cents for making the record. The holder of said license shall, after the same has been recorded, exhibit the same at the health office, and shall register, in a book provided for that purpose, his or her name and address. Wherever a license is revoked by said board of medical supervisors the secretary thereof shall report that fact in writing to the clerk of said court and to the health officer of the District of Columbia, who shall thereupon cancel such registration.

Sec. 12. That this act shall not apply to commissioned surgeons of the United States army, navy, or marine hospital service, nor to regularly licensed physicians and surgeons in actual consultation from other States or Territories, nor to regularly licensed physicians and surgeons actually called from other States or Territories to attend specified cases in the District of Columbia, nor to the treatment of any case of actual emergency, nor to the practice of massage or the so-called Swedish movement cure, nor to the use of ordinary domestic remedies without fee, gift, or consideration of any kind.

Sec. 13. That from and after the passage of this act any person practicing medicine and surgery or midwifery in the District of Columbia, or who shall publicly profess to do so, without first having obtained from the board of medical supervisors of the District of Columbia a license and reg-

istered the same as herein provided, or in violation of any of the provisions of this act, or any of the rules and regulations made by authority conferred herein, or after his license or registration, has been cancelled by order of said board of medical supervisors of the District of Columbia, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished for each offense by a fine of not less than fifty nor more than five hundred dollars, or by imprisonment in the District jail for a period of not less than ten nor more than ninety days, or by both such fine and imprisonment. It shall be the duty of the United States district attorney for the District of Columbia to prosecute all violations of the provisions of this act.

Sec. 14. That the secretary of the board of medical supervisors shall be paid for taking testimony the same fee that is allowed to an examiner in chancery for the same service. The expense of said board and of the examinations shall be paid from the license fees herein provided for; and if any surplus remain on the thirtieth day of June of each year the members of the board of medical supervisors appointed as such shall be paid such reasonable compensation as the Commissioners of the District of Columbia may determine, and any balance then remaining shall be divided among the three boards of medical examiners in proportion to the number of candidates examined, each member of each board of medical examiners to receive such part of the entire amount paid as that board itself shall determine.

Sec. 15. That nothing in this act shall be construed to conflict with an act for the regulation of the practice of dentistry in the District of Columbia, approved June 6th, 1892, nor to interfere with graduates of standard dental colleges, registered under the provisions of said act, in the exercise of their profession to the extent and within the limits of the curriculum of such standard dental colleges.

Sec. 16. That all acts or parts of acts, general or special, not in accordance with the provisions of this act, be, and are hereby repealed.

Approved, June 3, 1896.

*The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.*

# COLLECT YOUR BILLS

By using our system of perforated and gummed forms to be attached to bills overdue and mailed at definite periods until settlement, or until advisable to place for collection. Send for circular. **F. F. WHITTIER, M. D., 218 Boylston St., BOSTON, MASS.**

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on p. 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

Florida is bounded on the north by Alabama and Georgia, east by the Atlantic ocean, and south and west by the Gulf of Mexico and Alabama. It includes the Peninsula of Florida, and comprises an area of 59,268 square miles, or 37,931,520 acres, of which 46,000 square miles are embraced in the peninsula, which has a uniform width of 100 miles, and extends from 25 degrees to 30 degrees N. latitude. The upper portion extends along the Gulf of Mexico to the River Perdido, a distance of 350 miles from the Atlantic coast line. The climate is almost tropical, the average summer temperature being 80 degrees, the winter varying from 65 degrees to 70 degrees, according to location.

Th average annual rainfall is 55 inches.

The following table shows increase in population for fifty years:

1840.....	54,477	1870.....	187,748
1850.....	87,455	1880.....	269,493
1860.....	140,424	1890.....	391,422

Florida is famous for the number, size and variety of its mineral springs.

Rate of mortality in Florida, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
391,422	4,145	10.50	2,339	1,806	10.40	10.85

The number of deaths from consumption during 1890 was 377, which was at the rate of .96 per 1,000 of population, or 90.95 per 1,000 of total deaths.

## MEDICAL LAWS OF FLORIDA.

801. Appointment of Medical Examiners.—The Governor shall appoint a board of medical examiners in and for each judicial circuit of the State, and he shall appoint one board of homeopathic medical examiners for the State at large.

802. Qualifications of Examiners.—Each circuit board of medical examiners shall be composed of three practicing physicians of known ability, who shall be graduates of some medical college recognized by the American Medical Association, who shall be graduates in good standing of such reputable medical college or university, and who shall be residents of the circuit for which they shall be appointed. Said board of homeopathic medical examiners shall be composed of three practicing homeopathic physicians of known ability, who shall be graduates in good standing of some medical college recognized by the American Institute of Homeopathy.

803. Terms of Office.—The appointment of each member of each of said boards shall continue for four years from the date of such appointment. Whenever a vacancy shall occur on any of said boards the same shall be filled by appointment by the Governor for the unexpired term.

804. To Elect President and Secretary and Make Rules.—Every board shall elect one of their number president and one secretary, and shall adopt all necessary rules for the guidance and control of their meetings.

805. Each board shall meet regularly semi-annually at some central point in their circuit to conduct examinations and grant certificates as herein provided, and they shall give at least one month's public notice of their meeting by publication in at least one newspaper published in the circuit in which such meeting is to be held, and if there be no such newspaper published in the circuit, it shall be posted in three conspicuous places in the circuit: Provided, That the board of homeopathic medical examiners shall meet, as herein provided, in the city of Jacksonville, to conduct examinations and grant certificates as hereinafter provided; and they shall give at least one month's public notice of the time and place of their meeting, by publication in at least one newspaper published in the State.

806. Examinations.—It shall be the duty of said board of examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his

medical diploma from a recognized college upon the following named subjects: anatomy, physiology, surgery, gynecology, therapeutics, obstetrics and chemistry, but no preference shall be given to any school of medicine: Provided, That it shall be the duty of the board of homeopathic medical examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his diploma from a college recognized by the American Institute of Homeopathy upon the following named subjects: anatomy, physiology, surgery, gynecology, materia medica, therapeutics, obstetrics and chemistry; but no preference shall be given to any school of medicine.

807. When the board shall be satisfied as to the qualifications of an applicant, they shall grant to him a certificate to that effect, which certificate shall entitle the person to whom granted, to practice medicine in any county when the same shall have been recorded as required by section 809.

808. Two May Grant Certificates—Temporary Certificates.—Any two members of said board may grant a certificate of qualification to an applicant; and any member of said board shall have authority to grant a temporary certificate to an applicant, upon examination, until the next regular meeting of the board, at which time the temporary certificate shall cease to be of force.

809. Record of Certificate—The certificate provided for in the two preceding sections shall, before the person to whom it is granted shall be entitled to practice by virtue thereof, be recorded in the office of the clerk of the circuit court of the county in which such practitioner may reside or sojourn, in a well-bound book to be kept by the clerk for that purpose, and when so recorded the clerk shall certify thereon under his official seal the fact and date of such record, and shall return such certificate to the person to whom the same was granted, and shall be entitled for such service to collect from the holder of such certificate the legal fee for recording.

810. Examination Fee.—The board shall be entitled to demand and receive from each applicant examined the sum of ten dollars whether a certificate be granted such applicant or not.

811. Certificates to Former Practitioners.—All practitioners who have been engaged in the practice of medicine, in any of its departments, in this State, prior to May 31, 1889, shall, upon the production of a diploma from a medical college recognized by the American Medical Association, be granted by the board of examiners a certificate of qualification, without further examination and without charge.

812. Provisions not to Apply to Certain Persons.—The provisions of this chapter shall not apply to persons who have heretofore received certificates of qualification and have recorded the same as provided by the laws of this State heretofore existing, nor to females who follow the practice of midwifery strictly as such. No person, except those described in this section, shall be permitted to practice medicine in any of its branches or departments without first having obtained and recorded a certificate of qualification from some authorized board of medical examiners as hereinbefore provided.

Approved May 30, 1890.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

## GEORGIA.

CAPITAL, ATLANTA.

Population of State, 1,837,353.

(Census of 1890.)

Males .....	919,925	Native .....	1,825,216
Females .....	917,428	Foreign .....	12,137
White .....	978,357	Chinese .....	118
Colored .....	858,815	Indians .....	63

Number of physicians, 2,556.

Georgia extends from 30 degrees 21 minutes 40 seconds to 35 degrees N. latitude, and from 80 degrees 52 minutes to 85 degrees 35 minutes 38 seconds W. longitude, and is bounded on the north by Tennessee and North Carolina, on the east by South Carolina and the Atlantic Ocean, on the south by Florida, and on the west by Florida and Alabama. It was one of the original 13 States, and comprises an area of 58,000 square miles or 37,120,000 acres. The difference between the

climate in Northern and Southern Georgia is very marked, the summers in the former region being invigorating and delightful, while in the latter the heat is often very oppressive. At Atlanta the mean annual temperature is 58.36 degrees and at Savannah 67.8 degrees.

The following table shows the increase in population for 60 years:

1830.....	516,823	1870.....	1,184,109
1840.....	691,392	1880.....	1,542,180
1850.....	906,185	1890.....	1,837,353
1860.....	1,057,286		

The medical institutions of Georgia are: The Medical College of Georgia, Augusta; the Atlanta Medical College, Atlanta; the Georgia College of Eclectic Medicine and Surgery, Atlanta, and the Southern Medical College, Atlanta.

There are a number of mineral springs in the State.

Rate of mortality in Georgia, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,837,353	21,174	11.25	10,203	10,971	10.43	12.77

The total number of deaths from consumption during 1890 was 2,155, which was at the rate of 1.17 per 1,000 of population, or 101.77 per 1,000 of total deaths.

### MEDICAL LAWS OF GEORGIA.

AN ACT TO ESTABLISH BOARDS OF MEDICAL EXAMINERS FOR THE STATE OF GEORGIA, TO DEFINE THEIR DUTIES AND POWERS, TO PROTECT THE PEOPLE FROM ILLEGAL AND UNQUALIFIED PRACTITIONERS OF MEDICINE AND SURGERY, TO REGULATE THE ISSUING AND RECORDING OF LICENSES, TO PRESCRIBE PENALTIES FOR THE VIOLATION OF THIS ACT, AND FOR OTHER PURPOSES.

Section 1. Be it enacted by the General Assembly of Georgia, and it is hereby enacted by authority of the same, that within thirty days after the passage of this act, it shall be the duty of the Governor to appoint for this State three separate boards of medical examiners of five members each, as follows: One board to consist of five members of the regular school of medicine; one board of five members of the eclectic school of medicine; and one board of five members of the homoeopathic school of medicine. The members of each of said boards shall be men learned in medicine and surgery, of good moral and professional character, and graduates of reputable medical colleges; but none of them shall be members of the faculty of any medical college. Each of said three boards shall be wholly independent of, and separate from, the other two in the performance of the duties herein required of each of said boards. A majority of each board shall constitute a quorum.

Sec. 2. Be it further enacted, that the term of office of said members shall be for the term of three years; provided, that two members of each board shall first be appointed for one year; two for two years; and one for three years; and subsequently each appointment shall be for the full term of three years. Any vacancy that may occur in said board, in consequence of death, resignation, removal from the State, or from other cause, shall be filled for the unexpired term by the Governor.

Sec. 3. Be it further enacted, that immediately, and before entering upon the duties of said office, the members of said board of medical examiners shall take the following oath: "I do swear that I will faithfully perform the duties of a member of the board of medical examiners for the State of Georgia to the best of my ability, so help me God," and shall file the same in the office of the Governor of the State, who, upon receiving the said oath of office, shall issue to each examiner a certificate of appointment.

Sec. 4. Be it further enacted, that immediately after the appointment and qualification of said members, each board shall meet and organize. The officers of said board shall be a president, vice-president, and secretary (who shall act as treasurer). Said officers shall be members of and elected by their respective boards. Each board shall hold two regular meetings in each year. One meeting shall be held at such time on or just before graduation day of each medical college now chartered, or that may hereafter be chartered, in this State, and the board of examiners, after consultation with the faculty of said college, shall fix a time for its meeting to suit a majority of the students graduating from said college; the other, on the second Tuesday in October. The first meeting shall be held in the city of Atlanta, and the succeeding meetings of each board may be held in such city as each board may determine for itself. Special meetings may be held upon the call of the president and two members of each board; but there shall not be less than two regular meetings in each year. Each board may prescribe rules, regulations and by-laws for its proceedings and government, and shall keep permanent record of its actions. And each board shall examine and pass upon the qualifications of applicants for the practice of medicine in the State, as herein prescribed.

Sec. 5. Be it further enacted, that it shall be the duty of each board, at any of its meetings, to examine only persons making application to it, who are graduates of an incorporated medical college, school or university that requires not less than three full courses of study of six months each, who shall desire to commence the practice of medicine or surgery in the State, and who shall not, by the provisions of this act be exempt from such exam-

ination; but any person now matriculated as a student of medicine at any medical college, after graduation, and any person from another State who shall have graduated prior to April 1st, 1895, at a lawfully chartered medical college requiring only two full courses of study, shall be eligible for examination and license; provided, always, that the applicant for such examinations shall hold a lawfully conferred diploma from an incorporated medical college which conforms to the system of practice represented by the board to which the application shall be made; unless the applicant desires to practice a different system from that recognized in his diploma, then he shall appear before the board which represents the system that he proposes to practice. But in no event shall an applicant who stands rejected by one of said boards be examined or licensed by either of the other boards. If the applicant desires to practice a system not represented by any of the boards hereby established, he may elect for himself the board before which he will appear for examination. When an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect. A fee of ten dollars shall be paid to such board through such officer or member as it may designate by each applicant before such examination is had. In case an applicant shall fail to pass a satisfactory examination before any board, he shall not be permitted to stand any further examination before any of the boards within the next three months thereafter; nor shall he again have to pay the fee prescribed aforesaid for any subsequent examination; provided, that when in the opinion of the president of any board any applicant has been prevented by good cause from appearing before said board, the president and two members of said board designated by him shall constitute a committee, who shall examine such applicant, and may, if they see fit, grant him a certificate which shall have the same force and effect as though granted by a full board, until the next regular meeting of the board, when, if the applicant fails to appear for examination, said certificate shall be void.

Sec. 6. Be it further enacted, that the fund raised from the fees afore said shall be applied by each examining board to the payment of its expenses and to making a reasonable compensation to the president, secretary and members thereof.

Sec. 7. Be it further enacted, that before any person who obtains a certificate from any board, or from a committee of any board, may lawfully practice medicine or surgery in this State, he shall cause the said certificate to be recorded in the office of the clerk of the superior court in the county in which he resides. But if he does not reside in the State of Georgia, he shall cause said certificate to be recorded in any county within this State in which he offers to practice. The certificate shall be recorded by the clerk in a book to be kept for that purpose. It shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording a certificate shall be the same as for recording a deed.

Sec. 8. Be it further enacted, that this act shall take effect from and after the first day of January, 1895, and that it shall be unlawful thereafter for any person to commence the practice of medicine or surgery in this State without complying with the provisions of this act. But nothing in this act shall apply to persons now lawfully engaged in the practice of medicine or surgery in the State of Georgia, to any commissioned medical officer or contract surgeon of the United States army or navy or marine hospital service, in the performance of their duties as such, nor to any physician or surgeon residing in any State or Territory of the United States, or in the District of Columbia, who may be bona fide called in consultation in a special case with a legally qualified physician or surgeon residing in this State; nor shall this act be construed as affecting or changing in any way laws in reference to license tax to be paid by physicians and surgeons; provided, that a non-resident physician or surgeon called in consultation in a special case, as above described, shall not be permitted to engage in continuous practice or consultation in connection with any resident physician or surgeon under any form of contract or agreement, direct or indirect.

Sec. 9. Be it further enacted, that any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall prescribe for the sick or those in need of medical or surgical aid, and shall charge or receive therefor money or other compensation or consideration directly or indirectly; provided, however, that midwives and nurses shall not be regarded as practicing medicine or surgery.

Sec. 10. Be it further enacted, that any person who shall practice medicine or surgery in this State in violation of the provisions of this act shall, upon conviction, be punished as prescribed in section 4310 of the code of the State of Georgia for each offence; and it shall not be lawful for him to recover by action, suit, motion, or warrant any compensation for service which may be claimed to have been rendered by him as such physician or surgeon.

Sec. 11. Be it further enacted, that all laws and parts of laws in conflict with this act be, and the same are, hereby repealed.

Approved December 12, 1894.

*The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

# COLLECT YOUR BILLS

By using our system of perforated and gummed forms to be attached to bills overdue and mailed at definite periods until settlement, or until advisable to place for collection. Send for circular. **F. F. WHITTIER, M. D., 218 Boylston St., BOSTON, MASS.**

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

*The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

east by Montana and Wyoming, and on the west by Washington and Oregon. It comprises an area of 86,294 square miles, or 55,228,160 acres. The Bitter Root mountains, a chain of the Rockies, form the northeastern boundary, and their spurs and extensions occupy a considerable portion of its surface.

The rivers of the State are, with the exception of the Bear river, tributaries of the Columbia.

The climate is cool and healthful, the mean annual temperature being 52.46.

The following table shows increase in population for 20 years:

1870 .....	14,999	1890 .....	84,385
1880 .....	32,610		

There are numerous mineral springs in Idaho, but they have not as yet been used for medicinal purposes. Large quantities of salt are manufactured from the soda springs in the southern portion of the State.

Rate of mortality in Idaho, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
84,385	771	9.14	737	34	8.98	14.36

The number of deaths from consumption during 1890 was 36, which was at the rate of .43 per 1,000 of population, or 46.69 per 1,000 of total deaths.

MEDICAL LAWS OF IDAHO.

AN ACT to Regulate the Practice of Medicine and Surgery, and the Itinerant Vending of Drugs, Nostrums, Ointments, Appliances or Other Remedies within the State of Idaho; and Providing Penalties for the Violation of this Act.  
Be it Enacted by the Legislature of the State of Idaho:  
Section 1. The Governor of the State within sixty days from the expiration of the session of the legislature at which this act shall have been

passed shall appoint a board of medical examiners to be known and styled "The State Board of Medical Examiners," consisting of six members, three of whom shall be of the regular medical profession, two shall be of the eclectic school or practice, and one shall be of the homeopathic school, and all of whom shall be graduates of reputable medical colleges or universities in good standing and learned and skilled in the theory and practice of medicine and surgery, and of good moral repute. The terms of office of the members forming the first board under this act shall be as follows, viz: Two members thereof shall be appointed to serve for the period of two years, and two members thereof shall be appointed to serve for a period of four years, and two members thereof shall be appointed to serve for a period of six years. After which all subsequent appointments shall be for a period of six years, and until their successors shall have been appointed and qualified. All persons appointed to serve upon said board shall, upon assuming the duties thereof, make oath before a district or probate judge that they are graduates of medical colleges or universities in good standing, giving names and locations thereof, and that they will faithfully and impartially perform the duties of such office. These oaths shall be made in duplicate, one to be retained on file in the office of the secretary of said board, and one to be forwarded to the Secretary of State, who shall, on receipt of the same, issue to each member appointed on said board and complying with this section a certificate of such appointment, under his hand and the great seal of the state. Provided, That the Governor shall remove any member of said board who shall be guilty of any criminal or dishonorable conduct. The Governor shall also have the power to remove any member thereof who shall be guilty of any unprofessional conduct forbidden by this act, or upon recommendation from the State Medical Society, made pursuant to a resolution thereof, duly authenticated and accompanied by all the facts and testimony in possession of said society upon which the said resolution is based: Provided further, That no member of said board shall be appointed to serve two terms consecutively, except the members appointed for the short term. Vacancies occurring from death, resignation, or any other cause, shall be filled by appointment by the Governor within thirty days from the time such vacancy occurs, and such appointee shall serve during the unexpired portion of the term of the member whose place he fills: Provided further, That after the board shall have been constituted and organized, no person otherwise eligible shall thereafter be appointed on said board who is not in possession of a license to practice medicine and surgery in this State under the provisions of this act.

Sec. 2. Said board shall have authority to prescribe and establish all needful rules, regulations and by-laws, not inconsistent with the laws of this State or the United States, to carry into effect the provisions of this act.

Sec. 3. Said board shall organize immediately after appointment by electing from among its members a president, a secretary and a treasurer, and shall provide a seal and shall attest its acts under said seal. The president or acting president only shall have authority to administer oaths. The board shall have authority to take testimony whenever the same is necessary in any matter relating to its official acts or duties. Said board shall hold regular meetings on the first Tuesday in the months of April and October of each year at the capitol of the State, or at such other places as the board may designate. Special meetings may also be called, when in the opinion of a majority of said board the same is necessary, and shall be held at such times and places as the majority of the board may designate. Said board shall keep a minute book or general book of record, in which all the official acts, proceedings and transactions of said board shall appear in full. They shall also keep in addition thereto a "Cash Book," in which shall appear in detail all receipts and disbursements of said board. They shall also keep a special register, containing the names and addresses of all applicants for license, together with the data required to be furnished in the application for said license. Said special register shall also show whether the application received license or was rejected. If a license has been issued to an applicant, said register shall show under which section of this act the same was granted, and if the applicant was rejected it shall contain a full statement of the reasons therefor. Said general book of record, the cash book and the special register, shall be prima facie evidence of all matters therein recorded, and shall be public records in charge of the secretary of the board.

Sec. 4. It shall be the duty of said board, immediately after its organization, to notify all persons within this State who are practicing medicine and surgery, or either of them, of the provisions of this act, by forwarding to each, by registered mail, a copy of this act.

Sec. 5. The board shall make an annual report to the Governor of the State, which report shall set forth a full and complete history of all its official acts during the year, and it shall also contain a true statement of all receipts and disbursements of said board for the period so reported. A copy of which report shall be presented to the secretary of the Idaho State Medical Society for its information, and for publication in the official organ of that association. Any recommendation or suggestion said board may

deem wise to make for the improvement and elevation of the medical profession of this State shall be made to the Idaho State Medical Society at an annual meeting thereof, and if the same is approved by said society a copy of said report shall be forwarded to the Governor for his information.

Sec. 6. All persons, except as hereinafter provided, who were legally engaged in the actual practice of medicine and surgery within the State prior to the passage of this act, under the provisions of the medical act of 1887, shall be licensed without examination to continue such practice under this act, by making application to the state medical examining board upon suitably prepared blanks to be furnished by said board, within six months from the taking effect of this act. The applicant will be required to transmit with said application, his or her diploma or certificate, together with an affidavit setting forth the date upon which they began such practice within this State, and if the same has been continuous, and that their credentials are genuine and that they are the identical persons therein named: Provided, That said board must refuse such license to any person so practicing under said act of 1887, unless it appear by proper evidence that such diploma or certificate was issued to such person by reason of his having pursued the regular course or taken the regular examination at some reputable and regularly chartered medical school or college. The fee for license under this section shall be five (\$5.00) dollars and shall in each case accompany the application. Upon fulfillment of the requirements herein stated the board shall issue to said applicant a license to practice medicine and surgery within this State. Persons for whom the provisions of this section are intended, failing or refusing to avail themselves of the same shall be and are hereby declared to be subject to the requirements of section seven of this act.

Sec. 7. After the passage of this act, every person, except as hereinafter provided, desiring to commence the practice of medicine or surgery, or either of them, within this State, shall, immediately and prior to commencing the same, make a written application to the State Medical Examining Board, upon suitably prepared blanks to be furnished by the board, for a license so to do. If said board is not in session at the time of such application, the applicant shall transmit with said application his or her diploma, together with an affidavit setting forth that said diploma is genuine and that the applicant is the rightful possessor thereof and the identical person named therein, and that same was obtained by pursuing the regular course of study, or examination in said institution, and setting forth that he or she is a citizen of the United States, or has declared their intention of becoming such. If the said diploma has been issued by a reputable college of medicine, in good standing, the president and secretary of said board are hereby empowered, and shall issue to said applicant, a temporary license to practice medicine and surgery, or either of them, within this State, which temporary license shall be and remain in force until the next regular or special meeting of the board, and no longer. Notice of the time and place of said regular or special meeting shall be given said applicant by placing the said notice within the temporary license issued by the board to said applicant. When said regular or special meeting of the board shall convene as stated in the temporary license of said applicant, he or she shall appear thereat in person and present to the board the affidavit and other credentials as required for the temporary license, and if the board find the same true, and that his or her diploma has been issued by a reputable college of medicine in good standing, said applicant shall be eligible to examination and shall submit to an examination in the following branches only, to wit: Anatomy, physiology, pathology, chemistry, histology, materia medica, therapeutics, preventive medicine, surgery, theory and practice of medicine, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, hygiene, toxicology and medical jurisprudence. Candidates of the homeopathic and eclectic schools shall be examined and rated by the homeopathic or eclectic members of the board, as the case may be, in the special tenets of their respective schools. The board shall cause the examinations to be scientific and practical and sufficiently thorough to test the applicant's fitness to practice medicine and surgery, and if the applicant answers correctly at least seventy-five per cent of all the questions submitted, said board shall grant the applicant a license to practice medicine and surgery in this State. If the board is in session at the time an applicant applies for license, said applicant will not be granted a temporary license but must appear in person before the board and present to the same his or her diploma and credentials hereinbefore mentioned, and if the said applicant be found eligible according to the requirements of this section, he or she shall at once submit to the examination as herein required, and shall be granted a license to practice medicine and surgery in this State if his or her examination reaches the standard or general average herein required. Every applicant for license, under any of the provisions of this act, must furnish sufficient evidence to the board, that they are of good moral character. All applications under this section must be accompanied by fifteen (\$15.00) dollars, which is the fee for examination under this section. Should the applicant fail to pass such exam-

ination, the fee is not returnable. The fee for temporary license shall be five dollars and is returnable should said board refuse for cause to issue said temporary license. The cost of transmission to and from the board of all papers belonging to an applicant under this or any other section of this act shall be paid by the applicant. In case an applicant for examination fails to pass the required examination he or she may be re-examined after the expiration of six months and within one year without the payment of an additional fee, and thereafter said applicant may be examined as often as desired at any regular or special meeting of the board on the payment of the regular fee for such examination. Said board may also refuse a license for unprofessional conduct or conduct of a criminal, immoral or dishonorable nature.

Sec. 8. The words unprofessional or dishonorable conduct as used in section 7, or any other section of this act, is hereby declared to mean: 1st. The procuring or aiding or abetting in procuring a criminal abortion. 2d. The employing of what are popularly known as "cappers" or "steerers" in procuring practice. 3. The obtaining of a fee on the assurance that a manifestly incurable disease can be permanently cured. 4th. Wilful betrayal of the professional secret to the detriment of a patient. 5th. All advertisements of medical business in which untruthful and improbable statements are made. 6th. All advertisements of any kind, of any medicine or means whereby the monthly periods of women can be regulated or the menses can be re-established if suppressed. 7th. Conviction of any offense involving moral turpitude. 8th. Habitual intemperance in the use of ardent spirits, narcotics or stimulants.

Sec. 9. All persons who have been licensed to practice medicine and surgery, or either, after examination by State boards of medical examiners, or State boards of health of other States, where the standard of examinations is substantially the same as required by the provisions of this act, shall be, upon application, licensed without examination to so practice in this State under this act. Such person shall make application to the Board of Medical Examiners of this State upon blanks, suitably arranged and supplied by said board, and shall transmit with said application the proper evidence of previous examination above mentioned, and a fee of five dollars which is the sum charged for license under this section. If, upon receipt of said application, evidence and fee, the board finds the applicant eligible, they shall issue to him or her the license herein provided for. If the board refuses for cause to issue such license, the fee shall be returned to the said applicant with a full statement of the board's reasons for such refusal.

Sec. 10. All questions upon the different branches of medicine and surgery submitted by said board to candidates for examination shall either be written or printed, or partly written and printed, and the questions on each branch shall be arranged upon separate sheets of paper and numbered consecutively. The candidates shall be supplied with a list of the questions upon but one branch or subject at a time, which after completing his or her answers thereto, he or she shall be entitled to the next list of questions, and so on in like manner until said candidate shall have been examined in all the branches required. All answers to the questions thus submitted shall be in writing, upon suitable paper furnished by the board, no candidate being permitted to furnish his or her own paper for such written answers. Each list of the candidate's answers shall bear the same title as the corresponding list of questions, and each answer shall be numbered to correspond with the question to which it refers. The questions submitted by the board to each candidate examined, together with the answers thereto, shall be placed and kept on file in the office of the secretary of said board, and shall constitute a part of the records of said office.

Sec. 11. When complaint is made to the board, of unprofessional or other conduct, on the part of any licentiate, under the provisions of this act, meriting a suspension, revocation or cancellation of his license, the board shall have power to hear evidence for and against the accused, touching such complaint, and if the board be satisfied from the evidence of the justice of such complaint, the board must institute proper proceedings in the district court in and for the county where such licentiate resides, for the suspension or the revocation and cancellation of such license, and the district courts of this State are hereby vested with jurisdiction to hear and determine all such proceedings, and to suspend or revoke and cancel any license at issue in any such proceeding. The accused shall be entitled to appear in person or by counsel at every stage of any such proceeding, from the first hearing of said complaint before the board to the final disposition of the case in the district court. All costs incident to any such proceeding in the district court shall be assessed by the court, as the justice of the case in the discretion of the court may require. In all such proceedings the prosecuting attorney shall appear for the board in the district court. In case the board refuse to grant a license to practice under this act, the applicant shall have the right to have the action of the board refusing such license reviewed by the district court in and for the county in which the meeting at which the license was refused was held, or such other county as may be agreed upon: Provided, Proceedings for such review be instituted within ten days after notice of such refusal is served upon the applicant.

Sec. 12. Any person practicing medicine and surgery within this State without having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty nor more than three hundred dollars, or by imprisonment in the county jail not less than ten days nor more than six months, or by both such fine and imprisonment in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery contrary to the provisions of this act, shall constitute a separate offense, fines thus collected shall go to the board, to be used in defraying the expenses thereof.

Sec. 13. Every person receiving a license under the provisions of this act shall within thirty days thereafter have the same recorded in the office of the County Recorder, within the county where the licentiate intends to practice. Otherwise said license is void. The County Recorder of each county shall have, suitably prepared, a separate "book of record," in which all licenses under this act, presented to them, shall be recorded, and on the first day of December of each year furnish the secretary of "State Medical Examining Board" a list of the licenses on record in his office, and upon notice to him from said secretary of the revocation of any license on record in his office, or of the death or removal from the county of any person whose license is on record therein, said Recorder shall make a note of the fact on the page containing the record of said license, so that the record kept by said County Recorder shall correspond with the records of his county, as kept by the secretary of said medical board.

Sec. 14. The board shall have printed four forms of blank applications, viz.: One for applicants under Section 6; one for applicants under Section 7, and one for applicants under Section 7 for temporary license, and one for applicants under Section 9. Each form shall be of convenient size and so arranged as to indicate the necessary dates required of applicants under the section to which it refers. The board shall also have printed or engraved the following forms of license for issuance to licentiates, viz.: One for licentiates under Section 6; one for licentiates under Section 7, and a form of temporary license as provided by Section 7, and one for licentiates under Section 9. All licenses issued by the board, except temporary licenses, shall be numbered consecutively and in the order issued, and each license shall state upon its face the class to which it belongs or the section of this act under which it was issued. Each license shall be signed by the president and secretary of the board, under the official seal of the board issuing the same. Four members of the board shall constitute a quorum to transact business at any regular or special meeting.

Sec. 15. The words "respectable or reputable medical college or university in good standing" are hereby declared to mean such medical colleges or universities as are legally chartered, reputable, and in good standing within the State or country where they are located.

Sec. 16. Any person shall be regarded as practicing medicine and surgery, or either, who shall advertise in any manner, or hold himself or herself out to the public as a physician and surgeon, or either, in this State, by appending the letters M. D. or M. B. to his or her name, meaning thereby "Dr. of Medicine" or "Bachelor of Medicine," or who shall use any other title, or method intended to mean the same, or who shall investigate or diagnosticate or offer to investigate or diagnosticate any physical or mental ailment of any person with a view of relieving the same as is commonly done by physicians or surgeons, or suggest, recommend, prescribe or direct, for the use of any person, sick, injured or deformed, any drug, medicine, means or appliance for the intended relief, palliation or cure of the same, with the intent of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever: Provided, however, This act shall not apply to dentists and registered pharmacists or midwives in the legitimate practice of their respective professions, nor to services rendered in cases of emergency, where no fee is charged. Any person who shall present to the board as his or her own the diploma of another, or a forged affidavit of identification, or who shall attempt to personate another practitioner of a like or different name, shall, upon conviction thereof, be subject to such fine and imprisonment as are made and provided by the statutes of the State of Idaho for the crime of forgery.

Sec. 17. It shall be the duty of the prosecuting attorney to prosecute all violations of this act within their respective counties. And all cases of appeal to the Supreme Court of the State the Attorney-General thereof shall represent said board upon such appeal. The board shall investigate all complaints of non-compliance with, or violations of, the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers.

Sec. 18. Any itinerant vendor of any drug, nostrum, ointment, or other remedy, appliance or apparatus, intended for the treatment or relief of any disease, injury or deformity, or who shall by writing or printing, or by any other method, profess publicly or privately to treat, palliate or cure disease, injury, deformity or defect of any kind by any drug, nostrum, ointment or other remedy, or by manipulation or other expedient or apparatus, for the

purpose of gain, either directly or indirectly, shall, prior to engaging in the same, pay a license of fifty dollars for each month or fraction of a month while so engaged to the Sheriff of the county wherein such business or pursuit is carried on, whereupon said Sheriff shall issue to said itinerant vendor a license for the money so paid, and said receipt shall also state explicitly the privilege granted, for the consideration therein named, and the date upon which said privilege or license expires. In every county where said itinerant vendor shall engage in the aforesaid pursuit or business, he shall pay to the Sheriff the license fee herein provided. The fees or licenses collected by the Sheriff in the several counties of this State under this section shall be placed in the school fund of the county wherein the same was collected, for the use and benefit of the common schools of said county. Any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred nor more than two hundred dollars, or by imprisonment in the county jail not less than thirty days nor more than ninety days, or by both such fine and imprisonment; also he shall be taxed the costs of the prosecution, and each day such itinerant vendor shall continue in the pursuit of business herein described without complying with the provisions of this section shall be deemed a separate offense. The prosecuting attorneys shall prosecute all such violations of this section as may occur within the counties over which they have jurisdiction, and if by appeal such case or cases are carried to the Supreme Court of this State, the Attorney-General shall prosecute the same. All fines collected under the provisions of this section shall be placed in the school fund of the county wherein said violation occurred, to be used for the benefit of the common schools of the county. Traveling eye specialists and traveling spectacle vendors or opticians are hereby declared itinerant vendors under the meaning of this section.

Sec. 19. This act shall not apply to commissioned medical officers of the United States army, navy and marine hospital service in the discharge of their official duties, nor to railway surgeons in the discharge of official duties, nor to legally qualified physicians and surgeons from other States, when called in consultation with any legally qualified physician and surgeon of this State.

Sec. 20. The members of said board shall look alone to the revenues of this act for reimbursement of the actual expenses incurred in attendance upon the business of sessions of said board, and they shall look alone to the same source for their per diem allowance, which shall not exceed the sum of five dollars per day each, for each day said board may be in actual session.

Sec. 21. All other acts and parts of acts regulating the practice of medicine and surgery in this State are hereby repealed.

Approved March 12, 1897.

Illinois extends from 37 degrees 3 minutes to 42 degrees 30 minutes north latitude, and from 87 degrees 30 minutes to 91 degrees 40 minutes west longitude, and is bounded on the north by Wisconsin, on the east by Lake Michigan and the State of Indiana, on the south by the Ohio river, which separates it from Kentucky, and on the west by Iowa and Missouri. It comprises an area of 55,410 square miles, or 35,462,400 acres.

The climate is variable, and is marked by great extremes, the summers being warm and the winters extremely cold. The mean annual temperature is about 52 degrees, that of the summer 75 degrees and of the winter 28 degrees. The climate is generally salubrious, except in the low, swampy bottom-lands, where the settlers are subject to chills and fevers. The average annual rainfall is about 35 inches.

The following table shows the increase in population for 70 years:

1820 .....	55,162	1860 .....	1,711,951
1830 .....	157,445	1870 .....	2,539,891

# THE KEELEY INSTITUTE,

DWIGHT, - ILLINOIS.

## THE PARENT HOUSE OF THE KEELEY INSTITUTE SYSTEM.

AMPLE ACCOMMODATIONS FOR PATIENTS.

ESTABLISHED 1880.

FOR THE TREATMENT OF ALCOHOLIC INEBRIETY, OPIUM AND ALL OTHER DRUG ADDICTIONS, THE TOBACCO HABIT AND NEURASTHENIA.

CONDUCTED BY THE LESLIE E. KEELEY CO. INCORPORATED 1886.

LESLIE E. KEELEY, M. D., LL. D., Prest. JOHN R. OUGHTON, Chemist and V. Prest.  
CURTIS J. JUDD, Sec. and Treas.

Dr. Keeley's system for the treatment of alcoholism and narcotic drug using hardly requires formal introduction to the medical profession. Several thousand of its members have recovered through its agency, lost prestige, health and opportunity; several thousand others have sent still other thousands of their own inebriate cases to Keeley Institutes, and all hold opinions as to its efficacy according to the opportunities they have embraced for investigating it.

The Inebriate Cure field is boundless in extent, and the two thousand endeavorers who have publicly followed in Dr. Keeley's footsteps with varying degrees of success have constituted no mean competition in the sense of permitting the public to weigh the available evidences upon their merits. Yet there is only one "Keeley Cure," and it is eighteen years old. It keeps "open house" to the world, and as "seeing is believing," the Parent House at Dwight extends cordial invitation to every physician to visit Dwight, and embrace the courtesies that will there be extended to him for the purpose of believing as he sees. This is the first best thing we can offer you, Doctor: Come and see!

The Dwight Institute possesses every convenience for this class of cases. Women have isolated accommodations, where privacy may be absolute, without sacrificing convenience, and all are under the care of a Staff of Physicians second to none in the profession and who devote their lives to this specialty, in which each has had many years of practical experience under Dr. Keeley's direction.

The Medical profession recognizes in alcoholic and drug inebriety a distinctive disease requiring institutional treatment, with special environment, discipline, and education concerning the various modes of creating diseased appetites and the necessary means for avoidance of the disease-producing agents. The Keeley system has the advantage of eighteen years of experience on this line and with a treatment unlike that of any other.

Many patients come to Dwight bringing statement from family physician or specialist of a condition of diabetes or Bright's disease, in character almost synonymous with death, but as in most instances alcoholic or drug impression is responsible for such condition, the treatment develops a rapid disappearance of albumen, hyaline, granular casts and other evidences of kidney disease, and in a great majority of cases it either absolutely cures alcoholic disease of the kidneys, or so arrests further progress that the patient is enabled to go through life with comparative comfort, being freed from further encroachment of the affection. Marked improvement and many cures also result to patients presenting ataxic, paralytic, epileptic and rheumatic symptoms. Thus the Keeley treatment appeals strongly to the general practitioner as a means of saving a large class of alcoholic and drug patients whose maladies have resisted other methods or for the treatment of which the practitioner is handicapped because of the lack of institutional advantages.

The remedy is not a sovereign medicine, to be given mechanically. Every patient receives a searching clinical examination, every case is studied from all clinical standpoints, and the treatment is varied to meet existing conditions.

#### MEDICAL LAWS OF ILLINOIS.

AN ACT to Regulate the Practice of Medicine in the State of Illinois. Approved June 16, 1887. In force July 1, 1887.

5. Qualifications for Practice—Diploma—Examination—Certificate of State Board of Health. Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That no person shall practice medicine in any of its departments in this State unless such person possesses the qualifications required by this act.

If a graduate in medicine, he must present his diploma to the State Board

of Health for verification as to its genuineness. If the diploma is found genuine, and from a legally chartered medical institution in good standing, and if the person named therein be the person claiming and presenting the same, the State Board of Health shall issue a certificate to that effect signed by all the members thereof, and such certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State.

If not a graduate, the person practicing medicine in this State shall present himself before said board and submit himself to such examination as the board may require, and if the examination be satisfactory to the board, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

6. State Board of Health—Organization, Etc.—Certificates. Section 2. The State Board of Health shall organize within three months after the passage of this act; it shall procure a seal, and shall receive, through its secretary, applications for certificates and examinations; the president and secretary shall have the authority to administer oaths, and the board to take testimony in all matters relating to its duties; it shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally-chartered medical institutions in good standing as may be determined by the board; it shall prepare three forms of certificates, one for persons in possession of such diplomas or licenses, the second for candidates examined and favorably passed on by the board, and a third for persons to whom certificates may be issued as hereinafter provided in section 12 of this act; it shall furnish to the county clerks of the several counties a list of all persons receiving certificates. In selecting places to hold its meetings, it shall, as far as is reasonable, accommodate applicants residing in different sections of the State, and due notice shall be published of all its meetings for examination.

Certificates shall be signed by all the members of the board, and the secretary of the board shall receive from the applicant a fee of five (\$5) dollars for each certificate issued to such graduate or licentiate. Graduates or licentiates in midwifery to pay the sum of two (\$2) dollars for each certificate. All such fees for certificates shall be paid by the secretary into the treasury of the board.

7. Verification of Diploma—Affidavit. Section 3. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and seal of such officer, if he have a seal; and any person swearing falsely shall be deemed guilty of perjury, and punished accordingly.

Graduates may present their diplomas and affidavits, as provided in this act, by letter or by proxy, and the State Board of Health shall issue its certificate the same as though the owner was present.

8. Examinations by Board. Section 4. All examinations of persons not graduates or licentiates, shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Illinois.

9. Certificate to be Recorded. Section 5. Every person holding a certificate from the State Board of Health shall have it recorded in the office of the clerk of the county in which he resides within three months from its date, and the date of recording shall be endorsed thereon. Until such certificate is recorded as herein provided, the holder thereof shall not exercise any of the rights or privileges conferred therein to practice medicine.

Any person removing to another county to practice, shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay to the county clerk the usual fee for making the record.

10. Book to be Kept. Section 6. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue of the certificate. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

11. Fees for Examinations. Section 7. The fees for the examination of non-graduates shall be as follows: Twenty (20) dollars for an examination in medicine and surgery; ten (10) dollars for an examination in midwifery only; and said fees shall be paid into the treasury of the board. If an applicant fails to pass said examination, his or her fee shall be returned. Upon successfully passing the examination, the certificate of the board shall be issued to the applicant without further charge.

12. Charter of Examination. Section 8. Examinations may be made in whole or in part in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

13. Refusal or Revocation of Certificate. Section 9. The State Board of Health may refuse to issue the certificates provided for in section 2 to individuals guilty of unprofessional or dishonorable conduct, and it may revoke such certificates for like causes. In all cases of refusal or revocation the applicant may appeal to the Governor, who may affirm or overrule the decision of the board, and this decision shall be final.

14. Definition of Practicing Physician. Section 10. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat, operate on, or prescribe for any physical ailment of another. But nothing in this act shall be construed to prohibit services in cases of emergency, or the domestic administration of family remedies. And this act shall not apply to commissioned surgeons of the United States Army, Navy or Marine Hospital service in the discharge of their official duties.

15. Itinerant Vendor of Drugs, Etc.—License. Section 11. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of disease or injury, or who shall, by writing, or printing, or any other method, profess to cure or treat disease or deformity by any drug, nostrum, manipulation or other expedient, shall pay a license of one hundred (\$100) dollars per month into the treasury of the board, to be collected by the State Board of Health, in the name of the People of the State of Illinois, for the use of said Board of Health. And it shall be lawful for the State Board of Health to issue such license on application made to the State Board of Health, such license to be signed by the president of the board, and attested by the secretary of the board, with the seal of the board.

Any such itinerant vendor who shall vend or sell any such drug, nostrum, ointment or appliance without having a license so to do, shall, if found guilty, be fined in any sum not less than one hundred dollars, and not exceeding two hundred dollars for each offense, to be recovered in an action of debt before any court of competent jurisdiction. But such board may for sufficient cause refuse such license.

16. Penalty for Practicing Without Certificate—Using Another's Diploma. Section 12. Any person practicing medicine or surgery in the State without the certificate issued by this board, in compliance with the provisions of this act, shall for each and every instance of such practice forfeit and pay to the People of the State of Illinois, for the use of said State Board of Health, the sum of one hundred (100) dollars for the first offense, and two hundred (200) dollars for each subsequent offense, the same to be recovered in an action of debt before any court of competent jurisdiction, and any person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction, shall be subject to such fine and imprisonment as are made and provided by the statutes of the State for the crime of forgery.

Provided, that all persons who have been practicing medicine continuously for ten years within the State prior to the taking effect of the act to which this is an amendment, and who have not under said original act, obtained a certificate from the said Board of Health to practice medicine in this State, shall upon proper application to said Board of Health receive such certificate, unless it shall be ascertained and determined by said Board of Health that the person so applying for a certificate is of immoral character, or guilty of unprofessional or dishonorable conduct, in which case said Board of Health may reject such application.

And, provided, that such application for a certificate shall be made within six months after the taking effect of this act, and all persons holding a certificate on account of ten years' practice shall be subject to all the requirements and discipline of this act, and the act to which this is an amendment, in regard to their future conduct in the practice of medicine the same as all other persons holding certificates, and all persons not having applied for or received such certificate within six months after the taking effect of this act, and all persons whose applications have for the causes herein named been rejected or certificates revoked, shall, if they shall practice medicine, be deemed guilty of practicing in violation of law and shall suffer the penalties herein provided.

17. Judgment Upon Conviction—Appeal. Section 13. Upon conviction of either of the offenses mentioned in this act, the court shall, as a part of the judgment, order that the defendant be committed to the common jail of the county until the fine and costs are paid, and upon failure to pay the same immediately, the defendant shall be committed under said order.

Provided, that either party may appeal in the same time and manner as appeals may be taken in other cases, except that where an appeal is prayed in behalf of the People, no appeal bond shall be required to be filed, whether the appeal be from a justice of the peace, or from the county or circuit court, or from the appellate court. But it shall be sufficient in behalf of the People of the State of Illinois, for the use of the State Board of Health, to pray an appeal, and thereupon appeal may be had without bond or security.

17a. Repeal. All acts and parts of acts inconsistent or in conflict with this act, are hereby repealed.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

# TWO NEW INSTRUMENTS.

A Valuable Aid in Diagnosis

## THE MICRO-STETHOPHONE

Pat. Sept. 27, 1887.

The accompanying cut illustrates the **Micro-Stethophone**, the first instrument in the application of the telephone for physical examinations of the heart, lungs, stomach and other internal organs. We claim its superiority *over any and all* such instruments on the market to-day. It is constructed on strictly scientific acoustic principles, is very simple in mechanism, and will exclude all extraneous sounds.

## AN ASEPTIC UTERINE CURETTE.

BY COURTNEY L. SMITH, M. D.

The advantages claimed for the instrument are the following :

1. It is easily introduced and manipulated.
2. Every portion of the uterine mucosa is curetted as the instrument is revolved.
3. As it is withdrawn all shreds of tissue are removed with it. And
4. There being no sharp angles or points to go through softened tissues there is no danger of perforating the uterine wall.

Complete descriptive circulars with prices of above instruments mailed upon application.

We Make a Specialty in aiding and carrying out new ideas in instruments.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on page 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

# Lake Geneva Sanatorium.

**I**s a general Sanatorium handsomely located on the shores of Lake Geneva. It is equipped in the best possible manner for Medical and Surgical treatment. It is open for all proper cases. No cases of insanity, inebriety or other objectionable cases, however, are admitted or treated. For healthfulness and beauty the location is unsurpassed. The rooms are very large, with handsome fireplaces and large windows from which one beholds the loveliest of views. The training, skill and efficiency of our nurses and *masseurs*, as well as the equipment for baths and hydrotherapy are not surpassed by any other institution. All physicians of the staff are in active attendance. The charges are moderate.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 111 to 150) indicates the college of graduation, and the last number the year in which diploma was granted.
